RESTAURANT GUIDE

dine extraordinary!
PLEASANTON
california

We are Pleasanton and we are an extraordinary place for dining. We have over 220 dining establishments in our community sure to satisfy varying tastes from cafés, dessert shops, pizza to fine dining.

Why dine *in Pleasanton?*

It's good for our Economy, Environment, and Community.

Dining locally . . .

Is more fun with unique, personalized service. Your restaurateurs get to know our local tastes and create dishes with the local community in mind. You get personal attention. You feel connected. Pleasanton restaurants know our local market and are more responsive to our local market. We are our restaurants' friends and neighbors.

Keeps dollars in our economy. Dining locally ensures that our sales taxes are reinvested right here in our community. That makes our city extraordinary!

Ensures our city stays extraordinary and *the* place to go. Our restaurants make us special and give us a strong sense of loyalty for our city. The more unique we are as a community, the more we attract visitors, which benefits everyone.

Is more environmentally friendly. Supporting our local restaurants often means you can walk and bike to enjoy a nice cup of coffee or spend an afternoon over a leisurely lunch, supporting conveniently located and accessible dining destinations. You enjoy fabulous meals that are often better-made because our neighbors stand behind them.

We have something for everyone - beyond the ordinary.
