

FINAL Action Plan FY 2018-2019

Alameda County HOME Consortium

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The Annual Action Plan includes a listing of projects and activities to be funded with CDBG funds during FY2018-2019 as well as an annual assessment of the City's progress toward meeting its goals for housing and community development. Pleasanton will receive \$318,793 in federal CDBG funds for federal Fiscal Year 2018, and the City will allocate \$67,000 in local Lower Income Housing Funds and \$206,379 in local General Funds to supplement funding for several housing projects and services which sought funds under the CDBG program funding allocation process.

In order to implement its Housing and Community Development Strategic Plan during the next fiscal year, the City of Pleasanton will allocate CDBG funds to non-profit agencies serving low income persons for the implementation of the FY2018-2019 Housing and Human Services Grants Program (see Table A on next page) which will fund 22 different projects. \$23,539 in CDBG funds will be allocated to the City's annual Section 108 Loan Repayment in accordance with HUD's 20-year repayment plan. \$230,630 in CDBG funds will go toward capital improvement projects benefiting formerly homeless families, domestic violence victims (\$110,630 for the Tri-Valley Haven Capital Improvement Project), and low income persons without access to dental care (\$120,000 for the Axis Community Health Phase 2 Capital Project for Dental Services). \$47,818 in CDBG funds will fund a public service program providing meals to low income seniors (Open Heart Kitchen Senior Meals Program).

All FY2018-2019 activities are targeted to serve eligible households which reside within the City of Pleasanton, although several projects are located in the adjacent cities of Livermore and Dublin but serve Pleasanton residents.

NOTE: CDBG and HOME funding are conservative estimates based on last year's allocations as HUD has not yet provided official notice of Pleasanton's FY18-19 allocations.

CDBG funding allocation includes unallocated carry-over funds from previous fiscal years.

* Abode HOPE Outreach will be funded with \$79,611.43 unused carry-over funds from FY 2016/17 (\$29,611.43) and FY 2017/18 (\$50,000)

* Abode Rapid Re-Housing Program will be funded with \$151,433.70 unused carry-over funds from FY 2016/17 (\$31,433.70) and FY 2017/18 (\$120,000)

** Habitat for Humanity is not required to submit a ZoomGrant application. FY18/19 funding is \$231,694.60 (anticipated \$83,034 HOME funds for FY18/19 and \$148,660.60 carry-over funds from FY2017/18).

2. Summarize the objectives and outcomes identified in the Plan

The Action Plan includes a detailed table that describes this year's priorities and objectives along with goals and objectives from the five-year Consolidated Plan for fiscal years 2015 through 2019.

The City's performance relative to its annual objectives can be reviewed in detail in the most recent Consolidated Annual Performance & Evaluation Report (CAPER) for FY2016 that was produced by the Alameda County HOME Consortium. This document is available for review at the City of Pleasanton offices or its website at www.cityofpleasantonca.gov.

A continuing impediment to affordable housing development is the occasional negative perception of affordable housing held by many members of the public. The City of Pleasanton provides local funding to East Bay Housing Organizations (EBHO) to implement an ongoing program which aimed at improving people's perceptions and understanding of affordable housing. In conjunction with other Tri-Valley cities, the City of Pleasanton will collaborate with EBHO in FY2018 to sponsor activities related to Affordable Housing Week, held annually in May.

As stated previously, the City has provided Lower Income Housing Funds and HOME Funds for the renovation of the former PHA-owned Kottinger Place apartments. The City has been working since the mid-1990's with small nonprofit agencies such as East Bay Innovations, Bay Area Community Services (BACS), and REACH (formerly HOUSE, Inc.) to secure housing for persons with special needs. The City provides housing resource information targeted specifically at housing needs for persons with disabilities and provides funding for Community Resources for Independent Living (CRIL) to assist persons with disabilities.

In 2016 and 2017, the City has been working with Sunflower Hill to develop specialized housing and related supportive services for persons with autism and related disorders. In July 2016 the City approved an Affordable Housing Agreement to make available a 1.35 acre site for a 31-unit housing development by Sunflower Hill. The agency plans to submit specific development plans in the near future.

Pleasanton has provided tenant-based rental assistance through the Tri-Valley Housing Scholarship Program since 1999 in collaboration with the City of Livermore using HOME funds for rental subsidies and local funds for case management services. In 2018, those activities will be modified by Abode Services to assist households who are homeless or at risk through the Tri-Valley Rapid Rehousing Program. The City will utilize local HHS funds in FY2018 to provide counseling and case management services for households with special needs.

The Section 8 certificate and voucher program is currently coordinated through the Housing Authority of the County of Alameda. The City coordinates with HACA to promote the inclusion of Section 8 voucher holders by local landlords through annual outreach and an educational

workshop. In addition, the City coordinated with MidPen and HACA on an application for 50 Project Based vouchers which are dedicated to the Kottinger Gardens project.

3. Evaluation of past performance

An evaluation of FY2016/17 activities was developed for public comment in August 2017. The CAPER for FY2017/18 will be completed in September 2018.

4. Summary of Citizen Participation Process and consultation process

The City held two joint HHS grant application workshops in collaboration with the cities of Livermore and Dublin in early December 2017. Notices regarding the workshops were mailed directly to over agencies and persons in an "interest list" data base, and notices were also published in the key local newspapers and on city web sites prior to the workshops. HHS grant applications were reviewed in two public meetings held in March 2018. All meetings will be noticed in a newspaper of general circulation as well as a local paper that is delivered to all Pleasanton residents. Alameda County will also publish notices regarding the overall Action Plan (which includes all entitlement cities and the urban county) in ANG newspapers throughout the County. Copies of the draft Action Plan will be provided to the main Library and City Hall in Pleasanton for public review. A 30-day public review period, coordinated by Alameda County HOME Consortium, will commence on commenced on May 21st and will end on June 21st, 2018.

5. Summary of public comments

The City solicited public comments on the FY2018-2019 Action Plan during the 30-day public comment period from May 21st through June 21st, 2018. No comments were received.

6. Summary of comments or views not accepted and the reasons for not accepting them

Not applicable.

7. Summary

The City has a proposed allocating its available CDBG funds, as well as City General Funds and Low Income Housing Funds, to activities and projects, described above, in order to address the City's housing and community development needs.

1. Introduction

The Consolidated Plan and Action Plan is an important document for the HOME Consortium. Built on interagency coordination, consultation, and public participation, the Consolidated Plan focuses attention on housing and community development needs and resources available to meet these needs.

The FY2015-2019 Consolidated Plan was prepared through consultation with other public and private entities. At the countywide level, the HOME Consortium Technical Advisory Committee (HOMETAC), composed of staff from all jurisdictions in the HOME Consortium, met bi-monthly to provide policy input into the Action Plan planning process. Additional countywide consultation efforts are discussed in detail in the Alameda County section of the Consolidated Plan, which is an important document for the HOME Consortium. This Action Plan implements the Consolidated Plan priorities.

Funding priorities are reviewed through two City commissions in addition to publication throughout the community and public hearing by City Council. The City commission review process for the application review, funding recommendation and award are summarized as follows:

- The City's Human Services Commission (HSC) is appointed by the City Council and holds public meetings monthly on the first Wednesday of the month. The HSC provides the main public forum for discussion of a range of issues related to public services in Pleasanton and the Tri-Valley region. Of specific relevance to the FY2018-2019 Housing and Human Services Grants (HHS) Program were meetings held in December 2017 (discussion of priorities for the upcoming Housing and Human Services Grant, or HHS, process), February 2018 (discussion of the process for reviewing and evaluating applications for HHS funding), and March 2018 (recommendation for HHS funding for projects to be included in the next Action Plan).
- The City's Housing Commission (HC) is also appointed by the City Council and holds public meetings monthly on the third Thursday of the month. The HC is similar to the HSC but focuses on housing-related projects and issues. In March 2018, the HC developed a recommendation for HHS funding for housing-related projects and programs to be included in the next Action Plan.
- The City Council serves as the highest level decision making body for all matters related to the Consolidated Plan. The Council holds public meetings twice monthly on the first and third Tuesday of the month. On April 17th, 2018, City Council held a public hearing and approved recommendations for HHS funding from the HSC and HC for projects to be included in the next Action Plan. At the same meeting, the Council approved the annual Action Plan for FY2018-2019 for submittal to HUD.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

In October 2014, the cities of Pleasanton and Livermore formed a multi-jurisdictional subcommittee specifically to discuss policies and priorities for incorporation into the FY2015-2019 Consolidated Plan. The subcommittee, comprised of commission and staff representatives from both cities, held two open public meetings which resulted in an updated set of common regional priorities for incorporation into the Con Plan.

As stated previously, the City of Pleasanton collaborates with Livermore and Dublin to hold two annual grant kickoff meetings in early December. The City maintains an active database of potential interested parties and uses it to send out notification of grant funding opportunities at the beginning of every application cycle (early December). The list currently includes approximately 250 nonprofit agencies, individuals, and other interested parties. In addition, ads are placed in local newspapers (including the Pleasanton Weekly which is distributed to every household in Pleasanton) and on the City’s web site. Representatives from approximately 50 agencies (primarily non-profit) and other interested parties attended the annual meetings held in December 2017 and were able to use these opportunities to learn and provide feedback regarding policies and programs of relevance to the Consolidated Plan.

The City has also worked in collaboration regionally on other housing and human services planning and assessment processes including:

- The Tri-Valley Human Services Needs Assessment
- The Housing Element update (certified in early 2015) solicited public input regarding goals, policies, and programs for the City’s future housing development. The Housing Element process involved two public community workshops, stakeholder consultations, and focus group meetings that took place throughout 2014. Stakeholder meetings involved participation from both non-profit and for-profit groups.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

Stakeholders in Alameda County have been assessing the needs of persons experiencing homelessness and working to improve our response across the county since the founding of Alameda County-wide Homeless Continuum of Care Council in 1997. The collaboration includes cities and Alameda County government agencies representing three separate care systems — homeless services, HIV/AIDS services, and mental health services — that share overlapping client populations. Alameda Countywide Homeless and Special Needs Housing Plan, now known as the EveryOne Home plan, helped to form EveryOne Home into a community based organization to implement the Plan and now serves as the County’s Continuum of Care.

EveryOne Home coordinates local efforts to address homelessness, seeks to maintain the existing service capacity, build new partnerships that generate greater resources for the continuum of housing, services, and employment, and establish inter-jurisdictional cooperation. EveryOne Home leverages substantial federal, state, and local resources for homeless housing and services, standardize data collection, and facilitate a year-round process of collaboration. EveryOne Home includes representation from HOME Consortium jurisdictions and CDBG entitlement jurisdictions in the County, service providers and advocates, homeless or formerly homeless persons, representatives of the faith community, business representatives, and education and health care professionals. EveryOne Home receives administrative funding through Alameda County's General Fund as well as contributions from each of Alameda County's jurisdictions.

The EveryOne Home plan is structured around five major goals: 1) **Prevent homelessness and other housing crises.** The most effective way to end homelessness is to prevent it in the first place by making appropriate services accessible at the time they are needed. In particular, people leaving institutions such foster care, hospitals, jails and prisons need interventions and planning that will prevent them from exiting into homelessness. 2) **Increase housing opportunities for homeless and extremely low-income households.** Increasing affordable and supportive housing opportunities requires creative use of existing resources, developing new resources, and using effective models of housing and services. This plan identifies a need for 15,000 units of housing for people who are homeless or living with HIV/AIDS or mental illness over the next 15 years. 3) **Deliver flexible services to support stability and independence.** Culturally competent, coordinated support services must accompany housing. Direct service providers in all systems throughout the county must have a degree of knowledge about and access to a range of housing resources and supportive services. 4) **Measure success and report outcomes.** Evaluating outcomes will allow systems and agencies to identify successful programs and target resources toward best practices. 5) **Develop long-term leadership and build political will.** The goals of EveryOne Home will only be achieved by developing a long-term leadership structure that can sustain systems change activities. Implementation of this plan will also require building and sustaining political and community support for its vision and activities.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Alameda County Housing and Community Development Department through HMIS and leadership of the EveryOne Home Performance Management Committee supports the EveryOne Home initiative to establish system wide outcomes and to evaluate effectiveness of programs against those outcomes. These outcomes include shortening the period of time homeless and reducing the recidivism rates for homeless people.

Consultation with EveryOne Home, the Alameda Countywide Continuum of Care, on the use of Emergency Solutions Grant (ESG) funds, began in early 2012, when representatives from the City of Berkeley, the City of Oakland, Alameda County Housing and Community Development Department (Urban County grantee), and EveryOne Home worked together to implement the new ESG requirements in a way that would be consistent county-wide and would continue a collaboration which began in 2009 with American Recovery and Reinvestment Act (ARRA) Homelessness Prevention and Rapid Re-housing (HPRP) funds. This collaboration resulted in the creation of Priority Home Partnership (PHP), which was a single county-wide program to implement HPRP. EveryOne Home held a community-wide meeting at which additional consultation and public input into the use of ESG funds was solicited. A series of meetings with EveryOne Home and the ESG grantees continues through the year and a coordinated ESG program was established and began implementation in early 2013. This coordinated program will use this same structure for FY2018 ESG funding.

The City maintains (in collaboration with our neighbor cities of Livermore and Dublin) an on-going data base of approximately 250 nonprofit agencies and other parties that have expressed an interest in the Housing and Human Services Grant (HHSB) program (which serves as the local umbrella program for allocating federal CDBG and HOME funds). The City held two joint application workshops in collaboration with the cities of Livermore and Dublin in early December 2017. Notices regarding the workshops were mailed directly to agencies and persons in the aforementioned database, and notices were also published in the key local newspapers and on city websites prior to the workshops. At the workshops (which had identical agendas and formats), staff from each city discussed all aspects of the HHSB program and disbursed application packets along with city-specific policy and procedures manuals.

HHSB applicants attended meetings before either Pleasanton Human Services Commission (March 7, 2018) or the Pleasanton Housing Commission (March 15, 2018) for funding consideration. The Commissions considered the applications and formulated funding recommendations for consideration by the Pleasanton City Council. The funding recommendations were reviewed for approval by the Pleasanton City Council in a public hearing on April 17th, 2018, at which time the FY2018-2019 Action Plan was also approved for submittal to HUD. All meetings were noticed in the *East Bay Times*, a newspaper of general circulation, as well as in the *Pleasanton Weekly*, a local paper that is delivered to all Pleasanton residents. Alameda County also published notices regarding the overall Action Plan (which includes all entitlement cities and the urban county) in ANG newspapers throughout the County. Copies of the draft Action Plan were provided to the main Library and City Hall in Pleasanton for public review. A 30-day public review period to solicit public comments on the Draft FY2018-2019 Action Plan, coordinated by Alameda County HOME Consortium, commenced on May 21st and ended on June 21st, 2018.

This section provides a brief description of the federal CDBG and HOME funds available to implement the City’s FY2018-2019 Annual Action Plan, which outlines the fourth year of the FY 2015-2019 Consolidated Plan.

Table 4 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

To maximize leveraging of its own funds and increase the funds available for housing and community development activities, the City of Pleasanton plans to undertake the following activities:

- Support applications by organizations or agencies for other public and private sources of financing to leverage City funds.
- Include leveraging as a goal to the maximum extent possible in the City's HHSF funding application review process.
- Support the acquisition and rehabilitation of existing and new construction of units by nonprofit housing developers.
- Promote private sector rehabilitation through the City's Housing Rehabilitation Program (HRP) in collaboration with Habitat for Humanity.
- Continue to provide support to nonprofit, community-based housing developers and service providers in obtaining other sources of financing.
- Promote joint development with other governmental or quasi-governmental agencies to implement housing community development programs and combine multiple sources of financing.

Matching requirements must be satisfied in the following federal entitlement housing programs: the HOME Program and the Emergency Solutions Grant Program. A variety of non-federal sources may be used for the HOME match requirements, which requires that \$0.25 be "permanently contributed" to the HOME Program or to HOME-assisted projects for every HOME dollar spent. This requirement applies to the program as a whole, not to individual projects. The liability for matching funds occurs when the HOME Consortium actually draws down HOME funds from HUD. Sources of HOME match include cash or cash equivalents from a non-federal source, value of waived taxes or fees, value of donated land or real property, a portion of housing bond proceeds, and the cost of infrastructure improvements, among others.

As a member jurisdiction, the City must comply with the HOME match requirements that have been established by the County. The County will evaluate match requirements for HOME and determine potential match sources. Some match sources may come from local affordable housing trust funds, housing bond proceeds, the value of waived local fees or permits, foregone property tax revenue, local road funds, private donations, services funded by service providers, the State, County, or foundations, other local agency funds, and publicly owned land.

The City does not receive a direct allocation of Emergency Solutions Grant Program (ESG) funds.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

In 2016, the City executed a long-term ground lease for the former Public Housing Authority land (the approximately 5 acre Kottinger Place project) to MidPen Housing to redevelop as the first 131 unit phase of Kottinger Gardens Senior Apartments. The first phase was partially completed in March 2017. Upon completion, the finished project will have a total of 185 units affordable for very low and extremely low income seniors. To assist with the project, the City purchased in 2012 a half-acre parcel immediately adjacent to the existing Kottinger Place Public Housing development to incorporate into the new project.

Introduction

This section of the Action Plan includes the programs and activities which the City of Pleasanton will carry out to implement its Housing and Community Development Strategic Plan during FY2018-2019.

This section describes individual activities to be funded with FY2018-2019 Community Development Block Grant (CDBG) funding. The City's use of HOME funding is addressed separately under the County's section of the Consolidated Plan. This section also includes a description of how Pleasanton will ensure geographic distribution of its resources, the process by which assistance will be distributed in the case that an activity location is currently unknown (e.g., the City's Housing Rehabilitation Program), activities benefiting homeless and other special needs populations, and other local or state programs being used to further the jurisdiction's housing and community development goals.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

As recommended by the City's Human Services Commission and Housing Commission and approved by the Pleasanton City Council, Open Heart Kitchen's Senior Meal Programs will be funded with CDBG public services funds in FY 2018-2019.

The City will continue to repay its HUD Section 108 Loan, in accordance with the 20-year repayment schedule for the \$950,000 HUD Section 108 Loan, which is shared with the cities of Dublin and Livermore, used to complete the Axis Community Health Clinic.

The City also allocated CDBG capital improvements funds to assist Tri-Valley Haven to substantially rehabilitate its facilities and Axis Community Health as it attempts to construct and operate dental clinic that will serve Tri-Valley, including Pleasanton residents, low-income residents who do not have access to affordable dental care.

The main obstacles to addressing the City's underserved needs are: 1) the continued funding reductions to the CDBG and HOME programs, and 2) the available funding is far below what is necessary to address all the needs.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

This section includes the actions planned by the City of Pleasanton during the FY 2018-2019 to reduce barriers to affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Pleasanton is an active member of the Alameda County HOME Consortium. In 2010, the Consortium completed an updated Analysis of Impediments to Fair Housing as part of its fair housing planning program. The HOME Consortium Analysis of Impediments includes demographic information for each jurisdiction, an evaluation of each jurisdiction's fair housing status, a description of public and private impediments to fair housing choice, and an assessment of current public and private fair housing programs. An update to the AI, which is now an Assessment of Fair Housing (AFH) required by HUD's 2013 Affirmatively Furthering Fair Housing Final Rule (AFFH), will involve a similar collaboration among Consortium jurisdictions as soon as the Consortium receives further instructions from HUD.

The City provides fair housing and housing counseling services to area residents through a contract with ECHO Housing. The City's funding is high on a per-capita basis relative to other communities, and the majority of this service is paid for with local rather than HUD funds. ECHO's services include investigation of housing discrimination complaints as well as educational seminars for housing managers, owners, realtors, and tenants. City staff works with ECHO to address identified impediments. In addition to the general services provide through the City's contract with ECHO Housing, the City has been active in the following areas:

- The City has supported a variety of grass-roots efforts over the past decade that have resulted in the construction of new, affordable housing for a wide spectrum of housing needs in the community (family rental, senior, first-time home buyer, disabled, and other special needs). The majority of these efforts have involved local funds.
- The City sponsors, through an annual contribution of local funds, the efforts of the East Bay Housing Organization (EBHO) public education campaign to address local opposition to and misperceptions of affordable housing.
- The City has collaborated extensively with its neighbor city, Livermore, on housing programs and issues of shared concern (e.g., Sojourner House emergency shelter). The cities, as well as the City of Dublin, collaborated to secure a Section 108 Loan to assist in financing the construction

of the Axis Community Health Clinic in Pleasanton.

- The City has supported an extensive Housing Rehabilitation Program. The City and its program administrator Habitat for Humanity will continue to outreach to minority and women contractors as well as local business enterprises.
- The City also offers rehabilitation grants and loans through the Housing Rehabilitation Program to assist landlords in removing accessibility barriers to expand rental opportunities for persons with physical disabilities. In addition, the City has used local, State, and HOME funds to construct and or acquire and rehabilitate housing units for rental by persons with physical, mental, and developmental disabilities.
- In 1999, Pleasanton helped establish the Tri-Valley Housing Scholarship Program which offers tenant-based rental assistance to households that are homeless or at risk of being homeless. Subsidies are provided while the head of household is undergoing job training. Over 90% of households served are headed by female heads of households, and the majority of clients have been minority households.
- The City collaborated with other Tri-Valley jurisdictions to establish the Tri-Valley Housing Opportunity Center (TVHOC) which opened in 2005. The TVHOC functions as a “clearing house,” initially for ownership programs and ultimately for a continuum of housing assistance of different types. Now in its seventh year of operation, the TVHOC recently started providing important resources in response to the increased frequency of loan defaults and foreclosures.

Discussion

Funding. One of the significant barriers to affordable housing in Pleasanton and the surrounding region is the high cost of developing and maintaining affordable housing. The City of Pleasanton will apply CDBG, HOME, and City Lower Income Housing Funds toward affordable housing projects and programs in FY 2018-2019. The City will continue to monitor the availability of specialized grants for housing development and will utilize its Lower Income Housing Fund to finance activities promoting affordable housing.

Land Costs. The City does not have ownership of any significant parcels of land at the present time. Therefore, the market cost of land is posing an ongoing constraint to new affordable housing development in which the City has direct involvement. However, the City has worked and will continue to work with individual developers and with the owners of large land holdings to attempt to reserve additional sites for affordable housing development during the five-year Strategic Plan period. The City's Inclusionary Zoning Ordinance provides the option of land dedication in lieu of providing affordable housing units. The completion of the Housing Element Update 2015-2023 may provide additional land ownership opportunities that can be utilized to create new affordable housing.

Housing Development Costs. The City will continue to work to offset the costs of housing development by waiving certain City fees for affordable rental and ownership housing units and by providing various

types of subsidies through the use of its Lower Income Housing Fund. The example was cited earlier in this report of extensive fee waivers that have been granted in the past to defray development costs and promote affordable housing construction.

Community Perceptions of Affordable Housing. A continuing impediment to affordable housing development is the negative perception of affordable housing held by many members of the public. The City provides local funds annually to East Bay Housing Organizations (EBHO) to implement an ongoing program aimed at improving residents' perceptions and understanding of affordable housing. Pleasanton collaborated with its neighbor cities in the Tri-Valley to hold the Tri-Valley Affordable Housing Tour 2018 on May 17, 2018 to tour affordable housing developments in Danville, San Ramon, Dublin, and Livermore. The tour was incorporated in EBHO's 2018 Affordable Housing Week (May 10 – 20, 2018).

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Pleasanton receives an allocation of Community Development Block Grant (CDBG) funds, which may be used for eligible activities, eligible households, and/or eligible areas within its jurisdiction. The CDBG funds are allocated according to a formula based on population data from the 2010 Census and the number of substandard units in each jurisdiction. All projects listed in the “Proposed Projects” tables are intended and open to serve eligible households within the City of Pleasanton. Census tracts that are located completely or partially within the current Pleasanton city limits are as follows: 4506.01, 4506.02, 4506.03, 4506.04, 4506.05, 4506.06, 4506.07, 4506.43, 4506.46, 4507.01, 4507.41, 4507.42, 4507.44, and 4507.45.

Geographic Distribution

| Target Area | Percentage of Funds |
|--------------------|----------------------------|
| City-wide | 100 |

Table 7 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

For many programs using CDBG funds, such as residential or business rehabilitation, the exact location of the activity is not determined prior to funding the program as a whole. Pursuant to the CDBG Program Final Rule in these instances, the Consolidated Plan must identify who may apply for assistance, the process by which the grantee will select those to receive assistance, and how much and under what terms the assistance will be given.

The City of Pleasanton has contracted with Neighborhood Solutions in prior fiscal years to administer a Housing Rehabilitation Program (HRP) using CDBG, HOME, and Lower Income Housing funds for loans and grants serving eligible low-income home owners and renters in Pleasanton. In October 2016 the contract to provide HRP services was awarded to Habitat for Humanity. The goal of the program is to conserve, preserve, and improve the housing and neighborhoods by addressing the needs of low income Pleasanton residents. To that end, the program provides grants or low interest loans to qualifying properties and owners to provide a variety of rehabilitation services, such as rental housing rehabilitation, minor and major home repairs, mobile home repairs, exterior paint or clean-up assistance, seismic retrofitting, and accessibility improvements. Based on past experience, units benefitting from the HRP have been spread throughout the community although mobile home grants are by definition focused in the two largest mobile home parks at 3231 and 3263 Vineyard Avenue in east Pleasanton (census tract 4507.42). These two parks are primarily occupied by low-income seniors.

The rental rehabilitation program is available to those properties in Pleasanton where at least 51% of the units are occupied by low and very low income households, or in which 51% of the

units will be rent-restricted through a rental agreement to qualified low income households after rehabilitation. This program provides below-market-interest-rate loans to property owners to complete the rehabilitation. Tenant incomes are verified to determine whether at least half of the units are occupied by lower income households. The property's operating budget is also examined to determine the property's long-term financial feasibility and ability to repay the loan.

HOME Investment Partnership funding is allocated to the jurisdictions within the Alameda County HOME Consortium on a formula basis. HOME funds are distributed throughout all parts of the HOME Consortium. All activities to be undertaken are intended and open to serve eligible households living in the Consortium.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Low income families have difficulty securing housing without income supports and/or housing assistance. Many times they also do not have additional income to pay for other needs such as food, child care, health care, and dependable transportation. Living from paycheck to paycheck causes families to be in constant danger of becoming or returning to homelessness. According to the 2010 Census, 13.2% (3,243) of Pleasanton's households were low income; 8.7% (2,147) were very low income (50% or below median household income) and 5.7% (1,396) were extremely low income (at or below 30% of median household income). The 2000 Alameda County median family income was \$67,600. In 2018, it is \$104,400. This is a 54% increase in 18 years.

The most commonly available anti-poverty strategies are implemented at the county level and are addressed in the County's section of the Consolidated Plan. The Section 8 certificate and voucher program for Pleasanton residents is currently coordinated through the Housing Authority of the County of Alameda (HACA). The City will consider supporting requests by residents of local senior apartment complexes to receive additional rent subsidies for seniors as opportunities arise. HACA is currently administering 50 Project-based Section 8 Vouchers at the first phase of the Kottinger Gardens (131-unit senior housing development).

Actions planned to address obstacles to meeting underserved needs

There is significant focus on the provision of affordable housing, supportive social services, and community development programs in Pleasanton among all levels of the public and private sectors. A primary strength of the housing and community development delivery systems is the coordination of efforts between the jurisdictions and the groups that oversee these efforts on an inter-jurisdictional basis. These groups, including the Urban County Technical Advisory Committees, the Alameda County Housing and Community Development Advisory Committee and EveryOne Home, allow the different jurisdictions to ensure that projects compliment rather than duplicate efforts, and that policies and programs have some consistency throughout the Urban County. An additional strength is the growing level of coordination between service providers, particularly those addressing housing needs of the homeless and special needs populations, and affordable housing in collaborations. Non-housing community development programs within the Urban County have involved coordination between the Urban County jurisdictions and the agencies or organizations focused on the particular community development area, which might be infrastructure improvements, economic development, accessibility improvements, or child care.

Actions planned to foster and maintain affordable housing

The primary gaps facing Pleasanton and its neighbor cities in delivering affordable and supportive housing are primarily the lack of financial resources (including land) for development, operations, and support services combined with a location that has the highest costs in the region. Community development efforts are frequently limited due to a lack of financial resources. In some cases, there is need for stronger coordination between agencies and organizations although it is generally felt that the region enjoys a high level of coordination and simply needs to continue to foster and expand existing collaborative relationships.

Addressing gaps will continue to be a high priority for Pleasanton. The City will continue its efforts to identify and utilize new sources of financing for affordable housing, supportive housing, and community development programs; and enhance coordination efforts among housing providers, service providers, and governmental agencies. The City has participated in the larger homeless and special needs housing initiatives (the EveryOne Home Plan and the annual Continuum of Care funding process) to select priorities and projects for homeless and special needs funding, and may participate in more focused sub regional efforts in the near future. The City uses Lower Income Housing Trust funds to leverage HOME funds and provide for housing counseling services in conjunction with tenant based rental assistance subsidies for persons experiencing or at risk of homelessness.

Actions planned to reduce lead-based paint hazards

Lead poisoning is a serious issue in some parts of Alameda County where there are significant numbers of older homes occupied by low income families with children (older homes are most likely to contain lead hazards). Lead hazards are defined as any condition that causes exposure to lead from lead-contaminated dust, soil, or paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects. Common sources of lead poisoning are lead-based paint hazards from dust, deteriorated paint, and contaminated soil.

No new programs are being considered for the five-year period to reduce lead-based paint hazards in as much as the City's housing stock is generally young (post-1978) and in good condition. Mitigations are currently implemented on an as needed basis in conjunction with County administered Housing Rehabilitation and Minor Home Repair Program activities. The City is not currently a party to the joint powers agreement which established Alameda County's existing lead abatement program. However, Pleasanton is likely to increase its involvement in lead based paint hazard reduction as involvement in housing rehabilitation programs increases in the future. The City will continue its collaboration with the Alameda County Lead Hazard Prevention Program on marketing and outreach efforts in the Tri-Valley area.

Through its subrecipients of federal funds, the City conducts lead-based paint inspections on tenant-based rental assistance for HOME units built before 1978 as required as part of the Uniform Physical Condition Standards (UPCS) inspections which replaced the Housing Quality

Standard (HQS) Inspections. Lead inspections are also conducted as a part of any grants or loans for owner-occupied or rental units funded through the City's Housing Rehabilitation Program (HRP).

Actions planned to reduce the number of poverty-level families

A primary strength of the housing and community development delivery systems is the coordination of efforts between the jurisdictions and the groups that oversee these efforts on an inter-jurisdictional basis. An additional strength is the level of coordination between service providers, particularly those addressing housing needs of the homeless, special needs populations, and housing providers. Pleasanton participates on the Alameda County HOME Consortium Technical Advisory Committee (HOME TAC) which is comprised of staff from the member jurisdictions and the County. The HOME TAC meets bi-monthly to discuss programmatic and policy matters relating to the HOME program as well as broader federal housing and community development funding sources.

Many collaboration efforts are coordinated at the County level. The Shelter Plus Care and the Supportive Housing Program serve the homeless through housing rental assistance and supportive services and aim to reduce the number of people living in poverty in the County. Consortium jurisdictions are working to implement the EveryOne Home Plan, which includes representatives from local jurisdictions, service providers and advocates, homeless or formerly homeless persons, representatives of the faith community, business and labor representatives, education and health care professionals.

The Workforce Investment Board emphasizes private sector, employer-driven job training programs. The Alameda County Self-Sufficiency Program is designed to operate as a single, integrated system for the delivery of work-first, employment focused services. It complies with federal Temporary Assistance to Needy Families (TANF) and Food Stamp Employment and Training requirements and incorporates CalWorks program services and activities. The Self-Sufficiency Centers provide employment services, transportation, child care, drug and alcohol abuse treatment and mental health services to help individuals comply with their welfare-to-work plans. The program encourages community partnerships to leverage and maximize funds, prevent duplication of service delivery, and develop the capacity of the community to sustain a safety-net for an expanding population.

The HOME Program provides rental housing projects to assist households earning 60% or less of area median income. Priority considerations are given to proposals that include income targeting to households earning less than 30% of area median income, a target group that includes households living in poverty. Housing developments targeted to families and individuals in this income group often have a social services component to assist the households with other needs such as job training, skill building, case management, and subsidized child care.

Compliance with Section 3 of the Housing Act of 1968 is required as a condition of most City of

Pleasanton funding contracts. The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects will be directed to low and very low-income persons, particularly persons who are recipients of HUD assistance for housing. The City has developed materials to distribute to contractors to ensure their good faith efforts in complying with Section 3 requirements.

Actions planned to develop institutional structure

The primary gaps facing Pleasanton and its neighbor cities in delivering affordable and supportive housing are primarily the lack of financial resources (including land) for development, operations, and support services combined with a location that has the highest costs in the region. Community development efforts are frequently limited due to a lack of financial resources. In some cases, there is need for stronger coordination between agencies and organizations although it is generally felt that the region enjoys a high level of coordination and simply needs to continue to foster and expand existing collaborative relationships.

Addressing gaps will continue to be a high priority for Pleasanton. The City will continue its efforts to identify and utilize new sources of financing for affordable housing, supportive housing, and community development programs; and enhance coordination efforts among housing providers, service providers, and governmental agencies. The City has streamlined and improved the process for selecting and funding housing and community development projects for its HOME and CDBG programs. In addition, the City has participated in the larger homeless and special needs housing initiatives (the EveryOne Home Plan and the annual Continuum of Care funding process) to select priorities and projects for homeless and special needs funding.
