### **AQUATIC CENTER GETS NEW LOCKER ROOMS**

*Pools Remain Open During Construction*

PLEASANTON, Calif. — The City Council voted unanimously in June to approve plans for the renovation of the Dolores Bengtson Aquatic Center locker rooms. The aquatic center, located at 4455 Black Ave., has roughly 2,600 combined square feet of men's and women's locker rooms that were originally built around 1996 and need updating.

The pools will remain open during construction, though the locker rooms will be closed in late August after temporary shower trailers and restroom facilities have been installed.

The remodel will bring the facilities to current building and health code requirements, as well as comply with all American with Disabilities Act (ADA) requirements. Temporary shower trailers and on deck showers will be available during construction, which is anticipated to last through March of next year.

Once complete, the aquatic center will have the following new additions: 16 private showers; 13 on deck showers; additional ADA bathroom stalls; more lockers of varying sizes and added private

dressing rooms; counter tops and sinks; concrete floors with improved drainage, LED lighting, skylights and tiled walls with decorative pattern.

Total project cost is approximately \$2 million.
