**Case Number:** 21-31573

### **Pleasanton Detectives Investigating After Bodies Discovered in Car**

On September 18, 2021 at approximately 9:45AM, Pleasanton Police Department responded to the area of Pimlico Drive near the I-580 sound wall for a report of a deceased person inside a vehicle. When officers arrived, they discovered one adult male and one adult female were deceased inside the vehicle. Based on the condition of the bodies, it appears they had been there for over a week. The Alameda County Coroner responded and recovered both bodies.

At this time, we do not believe foul play was involved, however the investigation is ongoing and we are not ruling anything out. Anyone with information about this case is asked to contact Pleasanton Police Department at (925) 931-5100. All media inquiries should be directed to Lieutenant Silacci.
