Appendix A: Review and Assessment of 2007 Housing Element Housing Element Implementation

Program Implementation Status

Program Description (By Housing Element Program Names)	Housing Programs Progress Report - Government Code Section 65583. Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.			
Name of Program	Objective	Time Frame in H.E.	Status of Program Implementation	Continue Modify or Delete
Program 1.1: Discourage the redesignation of areas designated for High Density Residential development. The objective of this program is to ensure that adequate sites are available to accommodate the City's regional housing need for all income levels.	Policy 1: At a minimum, maintain the amount of high-density residential acreage currently designated on the General Plan Map and permitting high density housing.	Ongoing	The City continues to discourage any redesignation of areas currently designated for High Density Residential development. Within the last Housing Element planning period the City rezoned nine sites to permit high density residential development. One high density housing site was re-zoned from Planned Unit Development – High Density Residential/Commercial District to Planned Unit Development – Mixed Use District. The City found that the remaining sites identified in the Housing Element were adequate to accommodate the jurisdiction's share of the regional housing need pursuant to Section 65584 as well as Program 1.1	This program will be continued.
Program 2.1: Continue to allow mobile home and factory-built housing projects which have permanent foundations and meet all zoning and design review requirements on any parcel designated Rural, Low, Medium, or High Density Residential.	Policy 2: Permit mobile homes and factory-built housing on appropriately located sites.	Ongoing	The City continues to allow mobile home and factory-built housing projects in the city though no projects were submitted for review during the last planning period. The City continues to implement this program on an ongoing basis.	This program will be deleted. The Zoning Code allows for mobile homes and factory built housing.
Program 6.1: Continue monitoring second units to determine if they are being rented and, if so, determine their rent levels. Include conditions of approval for second unit Administrative Design Review approvals requiring a monitoring program.	Policy 6: Actively promote the creation of second units on single-family residential lots and their maintenance as sources of housing affordable to moderate-, low-, and very-low-income households.	Complete next survey by December 2013	The City continues to monitor second units in the city as required by the following standards for all approved second units: <i>The owner of the lot on which a second unit is located shall participate in the city's monitoring program to determine rent levels of the second units</i>	This program will be continued.

			<i>being rented</i> The City assisted in the development of approximately 50 second units since 2007 included within the City database of second units. An updated rent survey was sent out in February 2014.	
Program 6.2: Create incentives for homeowners to rent their second units to moderate-, low-, and very-low-income households. The City's role would be to develop the program materials including information, criteria for qualifications, and incentives, and to monitor the success of the program. Incentives should include fee reductions or waivers and information/assistance to help homeowners be landlords. Such incentives should be made available to applicants of second units during the Administrative Design Review or Building permit process.		Initiate by end of 2012	The City continues to assist homeowners of second units by developing a "toolkit" to promote rental of second units by interested owners. In conjunction with the survey update, the City is working with a housing counseling agency to develop a toolkit to promote rental of second units by interested owners. Initial discussions took place with ECHO Housing (a non-profit housing counseling agency) in 2012. The toolkit is planned for completion in mid-2014 and implementation in fall 2014.	This program will be continued.
Program 6.3: Consider allowing second units without an Administrative Design Review process in new single-family developments, subject to performance standards, and consider reducing the existing Second Unit Ordinance requirements, such as the parking and height limit requirements, to encourage the development of second units, and consider other measures to promote the creation of second units.		January 2013	The City continues to promote the creation of second units. In 2013, staff reviewed all existing design and performance standards for second units and concluded that creating an exception to the 15-foot height limit to enable construction of second units above a detached garage would allow greater flexibility for accommodating a second unit with minimal impacts to neighboring properties. On September 17, 2013, the City Council adopted Ordinance No. 2080 amending Pleasanton Municipal Code Chapter 18.84 and Chapter 18.106 to comply with Program 6.3 of the Housing Element.	This program will be modified to remove implemented portions and continued.

Program 7.1: Monitor new multiple-family residential development proposals with respect to housing tenure to ensure that sufficient numbers of rental units are provided to meet the above policy.	Policy 7: Encourage at least 50 percent of multiple-family housing units to be rental apartments.	Ongoing	The City continues to monitor new multi-family residential developments. From 2007 to 2013, 66 percent of the residential building permits issued were for rental housing.	This program will be continued.
Program 8.1: Regulate condominium, townhouse, and mobile home conversions and mitigate tenant displacement through the provisions of the City's Condominium Conversion Ordinance, and Government Code, Section 65863.7 (as to mobile homes).	Policy 8: Minimize displacement of tenants in rental apartments and mobile homes and encourage ownership of lower-cost residential units by prior renters through the regulation of condominium conversions.	As needed	The City continues to regulate condominium conversions. This program is implemented on an ongoing basis, although there were no residential rental units converted to ownership units between 2007 and 2014.	This program will be continued.
Program 8.2: Deny conversion of apartment units to condominiums if the percentage of multiple-family units available for rent, city-wide, is below 50 percent.		As needed	The City continues to monitor the number of for-rent versus for-ownership units in the city. There were no applications to convert residential rental units to ownership units between 2007 and 2014.	This program will be combined with Program 8.1..
Program 8.3: Review the City's Condominium Conversion Ordinance to identify desirable changes, such as potentially requiring more housing units affordable to low- and very-low-income households and longer tenant noticing requirements, if market conditions are resulting in the displacement of lower-income tenants.		As needed based on market conditions	The City continues to administer the Condominium Conversion Ordinance. Between 2007 and 2014 no tenants were displaced as a result of condominium conversion because there were no rental units converted to ownership units during the year. When market conditions are more favorable to conversions the City will further review the Condominium Conversion Ordinance to identify any desirable changes.	This program will be continued.
Program 8.4: Require condominium converters to maintain rental units for households with special needs, such as lifetime leases with rental caps for persons with disabilities, to the extent permitted by State law.		As needed	The City's Condominium Conversion Ordinance currently requires extended leases and limitations on rent increases for elderly and handicapped tenants. When market conditions are more favorable to conversions the City will review the Condominium Conversion Ordinance to identify any desirable changes.	This program will be combined with Program 8.1..

<p>Program 9.1: Conduct a review of the Growth Management Program and amend as necessary to assure the rate of residential development is consistent with the City's current and new infrastructure capacities, including roadways, water, sewer, and facilities, etc. The objective of this program is to assure that the City's Growth Management Program is consistent with State law and that there is a procedure for assuring that there is available infrastructure to serve future approved residential development.</p>	<p>Policy 9: Support the development and rehabilitation of housing affordable to extremely low-, low- and very-low-income households and review infrastructure needs.</p>	<p>End of 2012; then annually</p>	<p>The City continues to monitor the Growth Management Program. On November 20, 2012, the City Council adopted Ordinance No. 2054 amending Pleasanton Municipal Code Chapter 17.36 establishing a revised program to ensure that the Growth Management Program does not prevent the City from meeting its share of the regional housing need (per Program 29.2). A Growth Management Report was presented to the City Council on October 15, 2013, determining that the annual unit allocation commencing July 1, 2014, through June 30, 2022, shall be 235 units, consistent with RHNA allocation requirements.</p>	<p>This program will be continued.</p>
<p>Program 9.2: Require the duration of extremely low-, low- and very-low-income set-aside units within projects to be in perpetuity.</p>		<p>Ongoing</p>	<p>The City continues to require all regulatory agreements for below-market rental units have been in perpetuity (or if required due to financing, for 99 years) since 2001.</p>	<p>This program will be continued.</p>
<p>Program 9.3: Seek State and Federal assistance for the development of housing to meet the housing needs of households with extremely low-, low- and very-low incomes. Potential sources may include the HUD Section 202 and 811 programs (for senior housing and housing for persons with disabilities), the State HELP and CHFA programs, State/Federal lower-income housing tax credits, and bond financing. The timing of application will depend upon the schedule for specific projects proposed by individual developers in as much as the City does not currently own any land for development of housing affordable to low- and very-low-income households. If the City</p>		<p>Ongoing; Dependent on Specific Development Proposals</p>	<p>The City continues to seek state and federal assistance to the greatest extent feasible. The City's ability to secure an open source of funding for affordable housing has been hampered by the significant reduction and/or elimination in recent years of many of the traditional programs such as 202, 811, and HELP. The City continues to review available options on a project-specific basis and is considering financing programs related to the potential redevelopment of Kottinger Place and Pleasanton Gardens senior housing complexes. The City continues to monitor the availability of new funding sources for affordable housing and will apply as appropriate (for example, the City successfully secured \$2 million in state HELP funds in 2003, 2007, and 2008 to develop a down payment assistance program and an</p>	<p>This program will be continued.</p>

<p>Program 9.4: Continue to provide incentives such as reduced development fees, assistance in public improvements, priority in permit processing, increased density, altered site-development standards, mortgage revenue bonds, affordable-housing competition, and other creative incentives to encourage the development of housing affordable to moderate-, low-, extremely low-, and very-low-income households. A priority will be placed on projects that provide the largest number of units at the greatest level of affordability. The availability of incentives is incorporated in the City's Inclusionary Zoning Ordinance, but for specific projects, will also be promoted through the City's web site, in local newspapers, and through</p>		Enhanced promotional effort to be completed by June 2012	The City is continuing to provide incentives and assistance to encourage the development of affordable housing. Enhanced promotional efforts were completed in September 2012 and an additional developer workshop was held in February 2013 to further promote the City's newly rezoned residential properties. The availability of incentives is incorporated in the City's Inclusionary Zoning Ordinance, but for specific projects, was also promoted through the City's website, in local newspapers, and through posting at public places subject to normal procedures. This program helped to ensure that incentives were made available and known to the development community.	This program will be continued.

posting at public places subject to normal procedures. The objective of this program is to assure that incentives are made available and known to the development community.				
Program 9.5: Seek creative alternative and non-traditional means, including using available City financial and property resources and working cooperatively with community groups, that will assist in the production of or preserve housing for extremely low-, very-low-, low-, and moderate-income- households.		Ongoing	The City continues to utilize available Low Income Housing funds to provide loans and grants for special needs housing such as REACH/HOUSE, Inc,. The City has also had meetings with several groups, including Habitat for Humanity, MidPen Housing, and Tri-Valley REACH, which may lead to the development of new affordable housing within the next several years.	This program will be continued.
Program 9.6: Adopt a density bonus ordinance consistent with State law.		Mid-2013	On September 17, 2013, the City Council adopted Ordinance No. 2082 adding Pleasanton Municipal Code Chapter 17.38 to comply with Program 9.6 of the Housing Element and State Density Bonus Law.	This program was completed and will not be continued. The City will promote the use of density bonuses as an incentive to developers through the implementation of Program 9.4.
Program 9.7: Adopt Development Standards and Design Guidelines to facilitate the development of high quality multifamily housing and to create more certainty for residential development on Sites 25 through 33 in Appendix B housing Sites Inventory. These standards are intended to be substantially similar to those developed for the Hacienda TOD (sites 22,		Sep-12	On August 21, 2012, the City Council adopted Ordinance Nos. 2044–2029 to incorporate the Housing Site Development Standards and Design Guidelines for Multifamily Development for properties 25 through 33.	This program was completed and will not be continued.

23 and 24) and would provide more certainty for multifamily developers during the PUD process.				
Program 11.1: Maintain zoning adequate to accommodate Pleasanton's share of the regional housing need for all income levels. Sites designated High Density Residential or Mixed Use shall be developed at a minimum density of 30 units per acre, and comport with the development standards and design guidelines set forth in Program 9.7.	Policy 11: Strive toward meeting Pleasanton's share of regional housing needs, as defined by the Regional Housing Needs Determination (RHND).	Ongoing	The City continues to monitor the zoning within the City to accommodate all RHNA needs. This is implemented on an ongoing basis.	This program will be continued.
Program 11.2: Attempt to rehabilitate five ownership-housing units affordable to extremely low-, low- and very-low-income households identified as having major building code violations each year between 2007 and 2014, and maintain their affordability. Attempt to rehabilitate at least one apartment complex by 2014. Single-family homes will be identified through the City's Housing Rehabilitation Program which already has in place an outreach program. The City will survey existing apartment complexes, including working with local non-profit housing development agencies, to ascertain the need for rehabilitation. Owners of identified complexes will be contacted and made aware of the availability of rehabilitation assistance.		Annually/Ongoing	The City continues to rehabilitate housing to the greatest extent feasible. A total of six homes received loans for major rehab work in 2012 and 2013 through the City's existing Housing Rehabilitation Program. In addition, 24 homeowners received minor home repair grants through the program. All homes were occupied by low-, very low-, and extremely low- income households. No City-sponsored major rehab work was implemented in apartment complexes; however, the City completed one small project to install accessibility improvements at a privately owned rental unit occupied by an extremely low-income tenant.	This program will be continued.

Program 11.3: Strive to construct, rehabilitate, and conserve the City's regional share of housing within the constraints of available infrastructure, traffic, air quality, and financial limits, by the conclusion of the current Regional Housing Needs Determination period – in 2014.		By 2014	Prior to the adoption of the 2007–2014 Housing Element, the City completed the rezoning and General Plan Amendments for nine sites to meet the City's need. These are dispersed, infill sites that are close to transportation and services in areas of available infrastructure. The City continues to strive to construct housing within the constraints of available infrastructure, traffic, air quality, and financial limits. Combined these sites can accommodate approximately 2,326 units.	This program will be continued.
Program 11.4: Work with the Tri-Valley Housing Opportunity Center and employers to develop partnerships for participating in programs to make housing affordable to their workers.		Initiate program by end of 2012.	The City collaborated with the TVHOC and other Tri-Valley cities to hold a forum on employer-assisted housing in May 2012 during national Affordable Housing Week. The event was attended by representatives from approx. 50 major employers.	This program will be continued.
Program 13.1: Preserve for the longest term feasible, rent restricted assisted projects affordable to extremely low-, low- and very-low-income households, and provide assistance to retain below-market rate rent restrictions.	Policy 13: Preserve for the longest term feasible, restricted units affordable to extremely low-, low- and very-low-income households which are at risk of changing to market-rate housing.	Ongoing	Since 2001, all regulatory agreements have included a provision that the terms shall apply in perpetuity (or for 99 years if restricted due to financing requirements). The City continues to implement this policy on all new projects, including several new apartment developments currently under review.	This program will be continued.
Program 13.2: Structure future rent-restriction contract agreements to allow the City the opportunity to purchase or subsidize assisted units at the conclusion of the rent-restriction period.		As needed	The City continues to analyze rent-restriction contract agreements as they come in on a case-by-case basis. In 2012, two BRE project agreements were executed but they were subject to the terms of a settlement agreement. Several additional projects were approved or under review in 2013 and 2014 that were structured to be affordable in perpetuity.	This program will be continued.
Program 13.3: Structure future rent-restriction contract agreements for all new assisted projects with limited or no time restrictions to minimize the displacement of tenants.		Ongoing	The City continues to look at creative ways to structure contract agreements. Affordable units during the 2009–2014 planning period were all structured to be affordable in perpetuity.	This program will be continued.

Program 13.4: Provide rehabilitation funds where appropriate for apartment complexes in exchange for extended or perpetual assisted-housing time periods.		Ongoing; dependent on specific proposals	The City continues to attempt to provide apartment rehabilitation loans to the greatest extent feasible; however, no apartment projects sought City funding for rehabilitation projects in 2012 or 2013. The City will continue to monitor future opportunities for providing financial assistance to existing apartment complexes in exchange for affordability restrictions.	This program will be continued.
Program 13.5: Issue bonds or provide other funding where appropriate to reduce apartment complex mortgage rates in exchange for extended or perpetual assisted-housing time periods.		Ongoing; dependent on specific proposals	The City continues to issue bonds and provide funding for appropriate projects. Since 2007, the City has issued 315 bonds to reduce apartment complex mortgages. In 2013, 35 bonds were issued for units affordable to very low-income households and 133 bonds issued for units affordable to above moderate-income households.	This program will be continued.
Program 14.1: Identify a funding mechanism for infrastructure improvements contained in the General Plan to accommodate projected housing growth.	Policy 14: Make appropriate modifications to the Land Use Element of the General Plan, Zoning Ordinance, and other City ordinances, programs, and policies to facilitate the provision of housing, especially housing affordable to moderate-, low-, and very-low-income households.	Annually	The City continues to make infrastructure improvements on an as-needed basis. Improvements to sewer capacity have been funded through the CIP under existing replacement and expansion funds.	This program will be continued.
Program 14.2: Waive City fees for housing developments affordable to extremely low-, low- and very-low-income households.		Ongoing	The City continues to waive City fees for eligible affordable projects. In 2012, the Lower Income Housing Fee was waived for the two BRE housing projects for which Affordable Housing Agreements were approved with very low-income units. The fees waived for the two projects approved in 2012 would be \$653,542 and \$645,823. In 2013, the Lower Income Housing Fee was waived for four new apartment developments for which Affordable Housing Agreements were approved with very low-, low-, and median-income rental units (Anton	This program will be continued.

			Hacienda, California Center, Commons at Gateway, and Vintage (Auf der Maur)). Three projects submitted for building permits in late 2013. The aggregate fees waived for the four projects approved in 2013 is slightly over \$3 million (with 1,125 total units).	
Program 14.3: Expedite the development review process for housing proposals affordable to moderate-, low-, extremely low, and very-low-income households.		Ongoing	The City continues to expedite development review process as shown by two BRE projects approved in 2012 with 505 total units (38 very low-income units in each), four residential projects approved in 2013 with a total of 1,125 units (with 185 units at various affordability rates), and two residential projects in 2014 with a net total of 272 units (with a new total of 113 net affordable units at various affordability rates.)	This program will be continued.
Program 14.4: Advocate changes in Federal and State legislation to provide incentives for the development of housing affordable to extremely low-, low- and very-low-income households and to overcome barriers to housing affordable to low- and very-low-income households.		Ongoing	The City continues to advocate federal and state legislative changes and provides general support on an ongoing basis.	This program will be continued.
Program 14.5: Support State legislative reform to improve the fair-share housing process and provide financial and other incentives to strengthen local jurisdictions' abilities to meet their fair-share responsibilities.		Ongoing	The City continues to support state reform and provides general support on an ongoing basis.	This program will be continued.
Program 14.6: Assess the level of effort to overcome infrastructure constraints to housing affordable to extremely low-, low- and very-low-income households on a periodic basis.		As needed or in conjunction with the Housing Element update	The City continues to assess infrastructure constraints and needs on a periodic basis to be addressed as needed.	This program will be continued.

Program 14.7: Assess future sewer infrastructure needs, including sewer infrastructure upgrades and facilities to accommodate future RHNA cycles in the region.		2011–2012	The City continues to assess sewer infrastructure as new residential projects are reviewed. Sewer capacity was not a deterrent to housing development during the 2007–2014 planning period.	This program will be continued.
Program 14.8: Continue to work with non-profit and for-profit housing developers, service providers, Pleasanton employers, the Pleasanton Unified School District, and urban planning specialists to develop new programs and incentives for meeting the full range of Pleasanton’s future affordable housing needs.		Ongoing	As noted above, the City continues to work with nonprofit and for-profit developers and collaborated with the TVHOC and other Tri-Valley cities to hold a forum on employer assisted housing in May 2012. In addition, a workshop was held in February 2013 to inform nonprofit housing developers on City programs and resources to promote the development of new affordable housing.	This program will be continued.
Program 14.9: As required by State law, the City will review the status of Housing Element programs by April of each year, beginning April 2012. The review will cover consistency with other General Plan programs and community goals, the status of implementing actions, accomplishments, and a review of housing sites identified in the Housing Element. In particular, the annual review will cover development assumptions and actual development activity on sites by assessing projected development potential compared to actual development approval and construction. This will also include residential units anticipated on mixed use zoned sites. The primary intent of the annual review is to maintain adequate sites during the Housing Element planning period. In addition, the annual review will evaluate the		Ongoing	On a yearly basis the City continues to review the status of all Housing Element programs as well as evaluate the effectiveness of the City's inclusionary zoning requirements. By April each year, the City has submitted its annual progress report to the state.	This program will be continued.

effectiveness of the City's inclusionary zoning requirements (see Programs 16.1 and 16.2) to determine if modifications are needed.				
Program 15.1: Continue housing education programs available on the City's website, at other public venues, through City publications and mailings, and through partnerships with regional organizations.	Policy 15: Educate the public regarding the community, environmental, and economic benefits of Pleasanton's affordable housing program.	Ongoing	Between 2007 and 2014 the City continued to maintain updated information in electronic (i.e., web) and printed format to education private citizens, developers, and other interested parties on the range of programs promoting affordable housing. In addition, the City worked with agencies such as TVHOC and ECHO Housing to sponsor specific workshops on issues such as foreclosure prevention, homebuyer education, and housing law for tenants and landlords.	This program will be continued.
Program 15.2: Continue to coordinate public information with surrounding communities to provide up-to-date listings of opportunities for regional affordable housing and programs for extremely low-, low- and very-low-income households.		Ongoing	Between 2007 and 2014 the City continued to provide public information regarding regional affordable housing and programs available. Additionally, in 2012, the City of Pleasanton assumed staffing leadership for the Tri-Valley Affordable Housing Committee and coordinated a comprehensive update of the "Tri-Valley Rental Housing Opportunities Guide," a collaborative regional publication providing information and resource on affordable rental housing in the Tri-Valley area.	This program will be continued.
Program 15.3: Develop incentive/revitalization programs for neighborhoods to encourage support for affordable housing opportunities. Such incentives could include enhanced public amenities or other investment in areas where additional multifamily housing is planned.		2011–2014	While no neighborhood incentives/revitalization programs were implemented between 2007 and 2014, the City adopted standards and guidelines for high density housing to ensure compatibility with existing high quality neighborhoods. The City continues to analyze and review possible programs for future incentives in coordination with new projects.	This program will be modified to include a more specific timeline.

<p>Program 16.1: Monitor the results of the Inclusionary Zoning Ordinance annually to determine if developers are primarily building new housing units affordable to low- and very-low-income households instead of paying in-lieu fees for new developments. If it is determined by the City Council, upon recommendation by the Housing Commission, that the Inclusionary Zoning Ordinance is not producing sufficient housing affordable to low- and very-low-income households, consider modifying the Ordinance so that it can better achieve that objective. As part of the inclusionary ordinance review, conduct meetings with developers to identify specific changes that may be considered by the City.</p>	<p>Policy 16: Ensure compliance with the Inclusionary Zoning Ordinance by requiring each for-sale residential and non-residential development to include its pro-rata share of housing needs for low- and very-low-income households or, if the Ordinance criteria are met, to contribute to the lower-income housing fund to facilitate the construction of housing affordable to extremely low, low-, very-low, and moderate-income households. Review and modify policies for rental housing to conform with the Costa Hawkins Act. It is strongly encouraged that the Inclusionary Zoning Ordinance requirements be met by building housing affordable to extremely-low, low- and very-low-income households.</p>	<p>Annually/Ongoing</p>	<p>The City has continued to monitor the inclusionary zoning ordinance. In August 2012, the City circulated a Request for Proposals for consultant services to conduct a comprehensive nexus study to review and potentially update the City's Lower Income Housing Fee. A consultant was selected in December 2012. The consultant presented the Lower Income Housing Fee Study to the City Council and Housing Commission at a joint workshop in October 2013, at which the Council voted to maintain the Lower Income Housing Fee. In addition to considering the true cost of providing affordable housing, the study reviewed the impact of recent court rulings on inclusionary zoning ordinances (e.g., Palmer, Costa-Hawkins).</p>	<p>This program will be continued.</p>

<p>Program 16.2: Review the City's Inclusionary Zoning Ordinance and amend if required:</p> <ul style="list-style-type: none"> • for consistency with the Housing Element and other City affordable housing programs; • to identify incentives for non-profit housing developers and other housing developers to construct projects including three bedroom units for large households; • to determine if it is appropriate to increase the percentage of affordability to support housing affordable to low- and very-low-income households; • to be consistent with recent court decisions regarding rental housing; • as a potential constraint to housing. 		Annually/Ongoing.	As noted above, the City circulated a Request for Proposals for consultant services to conduct a comprehensive nexus study to review and potentially update the City's Lower Income Housing Fee associated with the City's Inclusionary Zoning Ordinance. A consultant was selected in December 2012. The consultant presented the Lower Income Housing Fee Study to the City Council and Housing Commission at a joint workshop in October 2013. Program 17.2: Exempt all housing units affordable to low- and very-low-income households from the low-income housing fee.		Ongoing	The City has continued to exempt all affordable housing units from the low income housing fee between 2007 and 2014. The two BRE projects approved in 2012 were exempted from the low-income housing fee, as well as the four residential projects approved in 2013 and two in 2014. The City is working on several other new projects and the expectation is that all units affordable to low- and very low-income households will be exempt from payment of the Lower Income Housing Fee in conformance with the City's long-standing policy.	This program will be continued.
Program 17.3: Use the Lower-Income Housing Fund to help build housing affordable to low- and very-low-income households on City-owned land.		As needed/Ongoing	Between 2007 and 2014, the City used the Lower-Income Housing Fund to help develop Kottinger Gardens. The City currently has ownership of one parcel of land at 4138 Vineyard Avenue (acquired in May 2011 using the Lower Income Housing Fund) that will be used to provide new affordable housing in conjunction with redevelopment of the adjacent Kottinger Place senior housing (a public housing complex). The City does not presently own any other significant parcels of land that are designated for residential development.	This program will be continued.

Additional LIHF funds were utilized to provide several down payment assistance loans and several grants to nonprofit agencies that provide housing services to primarily low-income residents (e.g., TVHOC, ECHO Housing, CRIL / Community Resources for Independent Living).	
Program 17.5: When considering how to utilize the City's Lower-Income Housing Fund, consider whether a proposal with a non-profit housing developer and a for-profit housing developer partnership should be a higher priority project due to its ability to potentially secure better funding and be developed.		Ongoing	Although this situation did not present itself between 2007 and 2014, the City will continue to consider nonprofit vs for-profit partnerships on a case-by-case basis.	This program will be continued.
Program 25.1: Actively assist owners of property zoned or designated High-Density-Residential in soliciting non-profit housing organizations for proposals to develop housing affordable to extremely low-, moderate-, low-, and very-low-income households on available sites using lower-income-housing fees. The objective of this program is to assure that owners of HDR properties are informed of City affordable housing programs. The City will notify all property owners of HDR sites of available City housing programs within 6 months of Housing Element adoption.	Policy 25: Encourage non-profit and joint for-profit housing developments by offering incentives. Non-profit and joint for-profit housing developers of housing affordable to moderate-, low-, extremely low, and very-low-income households shall have the highest City priority for approval.	Ongoing; information to property owners by August 2012.	The City continues to assist owners of high-density zoned residential properties. Information was made available on the City's website in mid-2012. A targeted e-mail packet was developed in 2012 for dissemination in January 2013 as a follow-up. In addition, a workshop was organized for February 5, 2013, to provide direct information to nonprofit housing developers on specific opportunities and programs.	This program will be continued.

Program 25.2: Continue to actively support the activities of non-profit organizations that provide housing affordable to low- and very-low-income households, through technical assistance or other means. The objective of this program is to assure that the City maintains a full range of incentives that are beneficial to assisting non-profit housing developers.		Ongoing	The City maintained active support (including financial assistance through the City's Housing and Human Services Grant program) for a wide range of nonprofit organizations between 2009 and 2014, including East Bay Housing Organizations, ECHO Housing, CRIL, TVHOC, and Abode Services. In addition, the City worked directly with MidPen Housing and Habitat for Humanity on project-specific activities.	This program will be continued.
Program 25.3: When land becomes available to the City, consider reserving those sites for non-profit organizations to build housing affordable to moderate-, low-, extremely low, and very-low-income households that include three bedroom units for large households.		As needed	As noted above, the City acquired one parcel of land at 4138 Vineyard Avenue in May 2011 with the intent of using the land to provide new affordable housing in conjunction with redevelopment of Kottinger Place by MidPen Housing (a nonprofit). The City will continue to monitor future opportunities to acquire land for affordable housing.	This program will be continued.
Program 29.1: Continue to use the Growth Management Report to monitor the numbers and types of units built at all income levels. Use this information to facilitate the issuance of sufficient numbers of permits to meet the regional housing need throughout the planning period.	Policy 29: Encourage substantial private development of housing affordable to extremely low, low, and very low income households through the Growth Management Program.	With preparation of Growth Management Report	On November 20, 2012, the City Council adopted Ordinance No. 2054 amending Pleasanton Municipal Code Chapter 17.36 establishing a revised Growth Management Program. The revisions include a provision requiring the City Manager to provide a report to the City Council detailing a new annual unit allocation for the upcoming RHNA period within 90 days after it has been adopted by the Association of Bay Area Governments. This report was presented to the City Council on October 15, 2013, determining that the annual unit allocation commencing July 1, 2014, through June 30, 2022, shall be 235 units. Program 32.1: Enforce the provisions of the City Zoning, Building, and Fire Codes.	Policy 32: Encourage the maintenance of safe, sound, and well-kept housing city-wide.	Ongoing	The City continues to enforce all provisions of the City Zoning, Building and Fire Codes. This program is implemented on an ongoing basis.	This program will not be continued. The City's Building Department Fire Department implements this program.
Program 34.1: Maintain building and housing code enforcement programs, and monitor project conditions of approval.	Policy 34: Eliminate all substandard housing conditions within the community.	Ongoing	The City continues to maintain an active Building and Code Enforcement programs in the city. The City responds to resident complaints related to Building Code and Housing Code violations. Generally, when such complaints are received, a Building Inspector, Code Enforcement Officer, or both, respond and investigate to determine if code violations exist. While this type of case is not tracked separately, it is estimated that approximately 10 cases per year of this type are investigated. The most significant, which started in 2010, was a residential home that was so full of junk and was so dilapidated, that the resident was barred from entering the property and the Superior Court ordered the property into receivership. The property was rehabilitated under court order.	This program will be continued.
Program 34.2: Continue the Rental Housing Rehabilitation Program to improve rental units affordable to low-, extremely low-, and very-low-income households. 			provided to extremely low-income tenants in 2012 and 2013. Both projects involved accessibility improvements in privately owned rental housing.	
Program 34.3: Supplement CDBG funds with the City's Lower-Income Housing Fund for rehabilitation of housing units affordable to extremely low-, low- and very-low-income households.		Ongoing	Between 2009 and 2014, the City continued to supplement CDBG funds with other funding sources. The City's Housing Rehab Program was funded through a combination of local (City Lower Income Housing Funds) and federal (CDBG and HOME) funds.	This program will be modified to identify the CDBG funding priority for the next eight-year planning period.
Program 35.1: Provide and maintain existing sites zoned for multi-family housing, especially in locations near existing and planned transportation and other services, as needed to ensure that the City can meet its share of the regional housing need.	Policy 35: Disperse high-density housing throughout the community, in areas near public transit, major thoroughfares, shopping, and employment centers.	Ongoing	The City continues to maintain existing residential sites near transportation corridors and services. Prior to the adoption of the 2009–2014 Housing Element, the City completed the rezoning and General Plan Amendments for nine sites to meet the City's need. These are dispersed, infill sites that are close to transportation and services. Combined they can accommodate approximately 2,326 units. Of these nine sites, five large scale apartment and mixed-use developments totaling 1,302 units have received approval, one of which has begun construction. In addition, three sites were previously rezoned for high density, mixed-use development in the Hacienda Business Park as part of a TOD near the BART station. Two of the sites received approval for 506 multi-family units but have yet to commence construction.	This program will be continued.
Program 36.1: Maintain existing zoning of infill sites at densities compatible with infrastructure capacity and General Plan Map designations.	Policy 36: Strongly encourage residential infill in areas where public facilities are or can be made to be adequate to support such development.	Ongoing	The City continues to maintain existing zoning of infill sites with densities consistent with the General Plan. This program is implemented on an ongoing basis.	This program will be continued.

<p>Program 36.2: Encourage the development of second units and shared housing in R-1 zoning districts to increase the number of housing units while preserving the visual character within existing neighborhoods of single-family detached homes.</p>		Ongoing	The City continues to help assist homeowners of second units by developing a "toolkit" to promote rental of second units by interested owners. The City continues to promote the creation of second units. In 2013, staff reviewed all existing design and performance standards for second units and concluded that creating an exception to the 15-foot height limit to enable construction of second units above a detached garage would allow greater flexibility for accommodating a second unit with minimal impacts to neighboring properties.	This program will be continued.
<p>Program 36.3: Adopt incentives and design guidelines for constructing residential uses above-ground-floor commercial establishments. This may be accomplished through the preparation and adoption of multifamily development standards as described in Program 9.8.</p>		2012	Multifamily Development Standards and Guidelines were adopted in August 2012, to guide development on the nine sites rezoned for high density housing and for TOD sites in the Hacienda Business Park. The intent of these standards and guidelines is to promote residential development at densities that support workforce housing that are compatible with Pleasanton's existing high-quality neighborhoods. They provide direction to developers and property owners on the key components of use, density, building mass and height, setbacks, architectural features, parking, access, and street character.	This program was completed and will not be continued.
<p>Program 36.4: For those properties designated for high density residential development with existing commercial uses, conduct outreach with property owners and businesses in 2012 to identify specific incentives for business relocation and to encourage property owners to develop their properties with housing. The Nearon site is mostly vacant but contains an abandoned car wash. A development proposal was approved and permits for construction of 168 units on the Nearon site have been issued. The CM Capital site includes two properties, each with existing office buildings; a proposal was approved to develop half of the CM Capital site with 177 potential future units. The third site occupied with a commercial use is the Sheraton Hotel site adjacent to the West Dublin/Pleasanton BART	This program will be continued.

Ongoing	The City continues to give priority to housing for persons with disabilities. Sites for new high density housing are located in infill locations and accessible to transit and commercial services.	This program will be continued.
Program 41.6: Continue to permit the development of group homes for six persons or fewer (i.e., community care facilities) in appropriate locations throughout the community.		Ongoing	The City continues to permit the development of group homes for six persons or fewer in appropriate locations in throughout the community. This program is implemented on an ongoing basis.	This program has been completed and group homes for six persons or fewer are allowed by right as stated in the zoning code. Therefore, this program will not be continued.
Program 41.7: Encourage the provision of special-needs housing, such as community care facilities for the elderly, and persons with disabilities in residential and mixed-use areas, especially near transit and other services. The City will provide regulatory incentives such as expedited permit processing in conformance with the Community Care Facilities Act and fee reductions where the development would result in an agreement to provide below-market housing or services. The City will maintain flexibility within the Zoning Ordinance to permit such uses in non-residential zoning districts.		Ongoing	On March 19, 2013 the City Council adopted Ordinance No. 2060 adding Pleasanton Municipal Code Chapter 18.86 (Reasonable Accommodations) to comply with Program 41.10 of the Housing Element.
