

ADDENDUM NO. 2
Millings Stockpile Removal, #PWD 25.701

This addendum is hereby made a part of the project contract documents. It shall be the responsibility of the general contractor to inform any affected sub-bidder of the content of this addendum.

The contract documents are modified/clarified as follows:

- 1) Remove the reference that Vulcan materials will accept the material at no costs. Vulcan Materials is reviewing the materials and will be working directly with the contractor for disposal costs. Contact Brandy Schacherer with Vulcan Materials at 510 566-3748, schachererb@yumcmail.com, for disposal information, including any pricing after September 9th.
- 2) Update all references to proposal due dates to Monday, September 15, at 11 a.m.
- 3) Replace Attachment I with updated documents, removing under line item 6 "California DPR QAL#" to read "**APPLICABLE LICENSE: CONTRACTOR'S LICENSE/S #**"

All other items of work in the contract document remain unchanged.

Acknowledgement and a signed copy of this Addendum shall be included in the Bid Proposal.

Adam M. Nelkie
City Engineer

BID RESPONSE PACKAGE

Required Documentation and Submittals

All of the specific documentation listed below is **required** to be submitted with the Exhibit A – Bid Response Packet in order for a bid to be deemed complete. Bidders shall submit all documentation in the order listed below and clearly label each section with the appropriate title.

Submitted bid MUST contain the following or may be subjected to disqualification:

- ☐ 1. **CONTRACTOR INFORMATION:** name, address, year established, principals of company and professional status as applicable.
- ☐ 2. **IMPLEMENTATION PLAN:** Is a comprehensive plan that will be Implemented by the Contractor to perform and accomplish all tasks within the Scope of Services. Contractor shall provide information on location/s of disposal, method of determining volume of material removed, estimated daily trucks, haul route, etc.
- ☐ 2. **WORK EXPERIENCE/REFERNCES:** 3 references for work or services that have been completed by your company in the last three years within the Bay Area, Contra Costa County, or San Joaquin Valley.
- ☐ 3. **BID FORM:** Complete the tables with the dollar amount for each line item.
- ☐ 4. **EQUIPMENT:** The bid response shall include a list of proposed equipment to accomplish the actual service work requested in this RFP.
- ☐ 5. **PERSONNEL:** Bid responses shall include a complete list of all key personnel associated with the RFP. For each person on the list, the following information shall be included:
 - a. Name, including job title and years of employment with Bidder.
 - b. The role that the person will play in connection with the RFP.
 - c. Person's relevant experience, certifications, and/or merits
- ☐ 6. **SUPPLEMENTAL INFORMATION:** Any additional information deemed necessary by your company to assist the City in the selection process including any special project provisions or specifications that the contractor brings to the bid process and actual service work.

IMPORTANT NOTICE: If Bidder or other interested person is a corporation, provide legal name of corporation, state where incorporated, and names of the president and secretary thereof; if a partnership, give name of the company, also names of individuals co-partners composing company; if contractor or other interested person is an individual, give first and last names in full.

Exhibit A: Description of Work

Bid Item 1: Removal and Disposal of Milling Stockpile

This item shall consist of loading, hauling, and disposing of surplus materials from the designated stockpile location(s) as directed by the City/Engineer. Work includes furnishing all labor, equipment, and incidentals necessary to remove the materials from the stockpile, transport them to an approved disposal or recycling facility, and provide documentation of proper disposal in accordance with applicable regulations. The unit price shall include all costs for equipment, fuel, loading, hauling, disposal/recycling fees, traffic control, and site cleanup. Measurement for payment will be by the cubic yard of material removed and accepted by the City/Engineer.

Bid Item 2: SWPPP and Site Restoration

Work under this item shall include all labor, materials, equipment, and incidentals necessary to implement BMPs as outlined in the city-provided (Attachment 4) Storm Water Pollution Prevention Plan (SWPPP) throughout the duration of the project. The contractor does not need to have a QSP or perform the water quality testing. This includes but is not limited to installation and update of existing BMPs, inspection, maintenance, and removal of Best Management Practices (BMPs); monitoring and documentation; and any corrective actions required to ensure compliance with stormwater regulations. This includes maintaining existing tarps, silt fence and construction entrances until the site is restored.

Upon completion of construction, the Contractor shall perform site restoration to return all disturbed areas to pre-construction or better condition (95% of areas free of millings with no areas greater than 1 sft in any given area), including seeding the exposed areas with approved erosion control stabilization seed. It shall be assumed to provide clean up of the entire existing stockpile area, silt fence, waddles and tarps (approximately 100,000 sft). Site restoration shall include grading, re-establishment of vegetation, repair or replacement of damaged improvements, removal of temporary facilities, including access roads to the stockpile back to the main trail area, and final cleanup of the site. All work shall be completed to the satisfaction of the Engineer and in compliance with applicable environmental and municipal requirements.

Bid Item 3: Relocation of Millings to Onsite Parking Area

Work under this item shall include all labor, materials, equipment, and incidentals necessary to relocate 800 cubic yards of asphalt millings from the designated onsite stockpile to the location identified for the parking area extension (22,000 sft). Work includes loading, hauling, and dumping the materials spread out to provide a generally 1-foot-deep section.

Bid Item 4: Grading of Onsite Parking Area

Work under this item shall include all labor, materials, equipment, and incidentals necessary to grade the relocated materials from Bid Item 3. The area shall be graded to provide a positive drainage from the north (high side) to the south, generally following the existing topography as shown on the plans or directed by the Engineer. All work shall be performed in a manner that provides a stable, uniform surface and minimizes low/high spots over 1 inch within 10 feet.

Bid Item 5: Mobilization

The contract lump sum (LS) price paid for Mobilization shall include full compensation for furnishing all labor, supervision, materials, tools, equipment, and incidentals and for doing all work involved in Mobilization preparatory work and operations, including but not limited to: those necessary for the movement of personnel, equipment, supplies and incidentals to the project site; for the establishment any facilities necessary for work on the project; and for all other work and operations which must be performed or costs incurred prior to beginning work on the various contract items on the project site; acquiring and securing construction staging area and laydown yard, USA notification and removal of USA markings; surveying and staking if needed; and general housekeeping at the end of each day; as shown on the plans, as specified in the Standard Specifications, and as directed by the Engineer.
