BUILDING PERMIT AND PLAN REVIEW FEES

January 1, 2026

Our Building Permit and Plan Review Fees are shown here. The values shown in this document reflect the fee rates in effect at the time of publication and are subject to change without notification. **The values shown in this document are for informational purposes only.** Please contact the Building Division to verify all fee estimates before submitting any Building Permit application.

Plan Review Fees. Whenever a review of plans is required to verify compliance with the California Building Standard Codes, a Plan Review Fee is due at time of application submittal, see page 2. A Plan Review Fee is in addition to Permit Fees. The Plan Review Fee is either 75% of all Permit Fees and Surcharges, or whenever Life/Safety and Egress is required, 100% of the total Permit Fees and Surcharges, with a minimum charge of \$180.

Building Permit Fees. Building Permit Fees are due and payable at the time of permit issuance. You will always need to supply the valuation, or cost of the work being performed on your project, on your application for a building permit. A 5% Technology Fee is assessed on all Permits. State mandated SMIP and CBSC fees are required on Building Permits. Electrical, mechanical or plumbing projects without associated building alterations such as water heater or furnace replacements, are typically not subject to additional Permit Surcharges.

Many non-structural repair and remodel permits for work on a home are assessed a fixed fee that is not valuation based, see page 2. Typical projects with fixed fees include home kitchen remodels, bathroom remodels, residential reroofing and swimming pools.

Permit Fees for all other permit types are based on valuation, see pages 3 and 4. New Construction and Addition valuations are usually based on square footage using our New Construction Valuation Table, see page 5. The valuation for other types of projects, such as repair, remodel and tenant improvements, is based on the construction cost supplied by the applicant on the application, or as determined by the Building Official.

Permit Surcharges. Additional Permit Fee Surcharges are added to Building Permits as applicable, see page 3. Additional surcharges are assessed whenever Sub-Trades (electrical, plumbing and/or mechanical work), Energy, Accessibility, Green Building and/or Storm water treatment systems are required in conjunction with a Building Permit. All new buildings, additions, commercial alterations and TI's are also required to have a Waste Management Plan (WMP). Demolitions with a valuation of \$25,000 or more, and residential remodels with valuation of \$125k or more are also required to have a WMP. Those projects will be assessed either a Waste Management Plan Fee or a Green Building Surcharge, as applicable.

Fire Sprinkler, Fire Alarm and Hazardous Materials Permits. These applications and plans are submitted at our Permit Center and routed to the Livermore Pleasanton Fire Department for review. See our separate [Fire Permit Handouts for Fees](#).

Development Fees. Development Fees are applicable to newly constructed buildings and additions, or whenever a change of use within an existing building creates additional traffic and/or sewer impact. Development Fees are paid at the time of Building Permit Issuance at that current rate, see our separate [Development Fees Handout](#).

PLAN REVIEW FEES

<u>BUILDING PLAN REVIEW FEE</u>	75% of Permit Fees, One-Hour minimum*
When plans and documents are required, a plan review fee shall be paid at the time of submittal for plan review.	
<u>BUILDING LIFE SAFETY PLAN REVIEW FEE</u>	100% of Permit Fees, One-Hour minimum*
When plans and documents are required, and the review includes life safety and egress, a plan review fee shall be paid at the time of submittal.	
<u>COPY MODEL PLAN REVIEW FEE</u>	25% of the Model Plan Review Fee
For each building permit in a development after the model plan review has been approved.

Receptacles, lighting switches, luminaires, other electrical outlets or appliances , requiring a permit not within a residential unit, up to 20A, each 1,000 ft ² of floor area.		\$120
Electrical Service Panel or Subpanel , up to 1,000A, each		\$175
Electrical Service Panel or Subpanel , over 1,000A, each		\$235
Illuminated Signs, Outline Lighting and Marquees , each circuit		\$120
Busways , each 500 lineal feet or fraction thereof		\$120
Residential Photo-Voltaic Systems (includes Plan Review Fee)	Up to 10kW	\$250
	Over 10kW	\$450.00, plus \$15/kW above 15
Non-Residential Photovoltaic Systems (includes Plan Review Fee)	Up to 50 kW	\$1,000
	Each addt'l kW from 51 kW – 250kW	\$7
	Each addt'l kW over 250 kW	\$5
Electrical Power Apparatus Equipment, Generators, Transformers, etc. (Rating in HP, kW, or kVA,)	Up to and including 49, each	\$118
	Up to and including 99, each	\$175
	Over 100, each	\$235
Furnace, ductwork, ventilation systems, appliances or other mechanical work requiring a permit not within a residential unit, each 1000 square feet of floor area.		\$120
Commercial Kitchen Hood , each		\$355
Boilers , each		\$235
Evaporative Cooler or Heat Pump , each		\$120
Air Handling System , each		\$235
Sewer piping & vents, water piping, gas piping, fixtures and appliances or other plumbing requiring a permit not within a residential unit, each 1000 square feet of floor area.		\$120
Fats, Oil or Grease (FOG) interceptor or other pre-treatment clarifier , each		\$475
Stormwater piping or treatment systems , each system		\$475
ADMINISTRATIVE CHARGE FOR MISCELLANEOUS REQUESTS: Administrative costs associated with items not otherwise specified, reports and requests not covered by permit or plan review fees.		Time & Material Basis, \$20 Minimum
MISC BUILDING INSPECTION FEES** **All Hourly Inspection Rates are based on fully burdened building inspector rate or consultant cost, whichever is greater, currently \$165 / hour.	Inspections outside normal business hours	2-hr minimum
	Re-inspections	2-hr minimum
	Inspections for which no fee is specifically indicated	2-hr minimum
	Housing Inspections, requested by homeowner	1-hr minimum
	Temp Occupancy Inspection (up to 30 days max)	4-hr minimum
ALTERNATE MEANS & METHODS REQUEST FEE Plan review requests for alternate means and methods		Time & Material 1-hr min
INVESTIGATION FEE Applicable to any work commenced on a building, structure, electrical, gas, mechanical or plumbing system before obtaining the permits and approvals, in addition to the required permit fees.		100% of Building Permit Fees

The City of Pleasanton Building and Safety Division contracts with outside consultants to perform plan review on our behalf, and when requested by applicants, third party plan reviews. This service is only available for Building and Fire Code related plan reviews and is not available for any other reviewing agencies or Divisions, such as the City of Pleasanton Planning Division, Engineering Division or the Alameda County Environmental Health Department.

Over-the Counter Plan Review are available on Tuesday, Wednesday and Thursday mornings between 8:30 to 11:30 am at the Permit Center, by contacting the Building & Safety Division at 925-931-5300

All applications, plans and supporting documents must be submitted electronically through the City of Pleasanton Accela Citizen Access (ACA) at aca.cityofpleasantonca.gov/CitizenAccess/Default.aspx. All applicable plan review fees must be paid at the time of submittal, and in no case prior to any review by any party. Initial Plan review turn-around time is typically 10 business days for small jobs, 15 business days for additions, alterations and Tenant Improvements, and 25 business days for new construction or unusually complex projects.

After the final review is completed and approved, it will take up to an additional two working days for processing prior to permit issuance. Additional Permit Technician staff time and fees may also be required if all required information is not submitted by the applicant.

Note: **This handout contains typical fees collected by the Building and Safety Division** at either the time of submittal and/or permit issuance. Actual fees will be determined by our staff, both at the time of application submittal and prior to permit issuance. In addition, there may be fees for your project required by the Public Works/Engineering Department, (925) 931-5650, and/or Planning Division, (925) 931-5600. Contact those divisions directly for more information.

California state law requires that School Impact fees must be paid before building permits may be issued for additions and new construction exceeding 500 square feet. A receipt from the school district must be presented to the Building and Safety Division Counter before a permit may be issued. Call the Pleasanton Unified School District for appointments & fee estimates at (925) 462-5500.

If you need help or further information, please contact the City of Pleasanton Building and Safety Division at (925) 931-5300, or email buildingdivision@cityofpleasantonca.gov.
