## AP-05 Executive Summary - 91.200(c), 91.220(b)

### 1. Introduction

The Annual Action Plan includes a listing of projects and activities to be funded with CDBG funds during FY 2022/23 as well as an annual assessment of the City's progress toward meeting its goals for housing and community development. Pleasanton has been allocated \$338,818 in federal CDBG funds for federal Fiscal Year 2022. The City will also allocate \$386,299 in local Lower Income Housing Funds and \$223,528 in local General Funds to supplement funding for several housing projects and services which sought funds under the CDBG program funding allocation process.

In order to implement its Housing and Community Development Strategic Plan during the next fiscal year, the City of Pleasanton will allocate CDBG funds to non-profit agencies serving low income persons for the implementation of the FY 2022/23 Housing and Human Services Grants Program (see Table A on next page) which will fund 27 different projects. \$24,749 in CDBG funds will be allocated to the City's annual Section 108 Loan Repayment in accordance with HUD's 20-year repayment plan. \$195,483 in CDBG funds will go toward a capital improvement project (New service site for Axis Community Health). \$50,822 in CDBG funds will fund two public service programs providing meals to low income seniors (Open Heart Kitchen Senior Meals Program and Spectrum Community Services Meals on Wheels Program).

All FY 2022/23 activities are targeted to serve eligible households which reside within the City of Pleasanton, although several projects are located in the adjacent cities of Livermore and Dublin but serve Pleasanton residents.

### 2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

Pleasanton has provided tenant-based rental assistance since 1999 using HOME funds for rental subsidies and local funds for case management services. In FY 2022/23, Abode Services will continue to assist households who are homeless or at risk through the Tri-Valley Rapid Rehousing Program. The City will be allocating its HOME allocation for FY 2022/23 to the rental subsidies provided by the Rapid Rehousing Program. The City will utilize local HHSF funds in FY 2022 to provide counseling and case management services for households with special needs.

The Section 8 certificate and voucher program is currently coordinated through the Housing Authority of the County of Alameda (HACA). The City coordinates with HACA to promote the inclusion of Section 8 vouchers holders by local landlords through annual outreach and an educational workshop. There are 50 Project-Based Section 8 vouchers at Kottinger Gardens Phase II.

The City's performance relative to its annual objectives can be reviewed in detail in the most recent Consolidated Annual Performance & Evaluation Report (CAPER) for FY 2020/21 that was produced by the Alameda County HOME Consortium. This document is available for review at the City of Pleasanton offices or its website at [www.cityofpleasantonca.gov](http://www.cityofpleasantonca.gov).

## **AP-10 Consultation - 91.100, 91.200(b), 91.215(l)**

### **1. Introduction**

The Consolidated Plan and Action Plan is an important document for the HOME Consortium. Built on interagency coordination, consultation, and public participation, the Consolidated Plan focuses attention on housing and community development needs and resources available to meet these needs.

The FY2022/23 Action Plan was prepared through consultation with other public and private entities. At the countywide level, the HOME Consortium Technical Advisory Committee (HOMETAC), composed of staff from all jurisdictions in the HOME Consortium, meet bi-monthly to provide policy input into the Action Plan planning process. Additional countywide consultation efforts are discussed in detail in the Alameda County section of the Consolidated Plan, which is an important document for the HOME Consortium. This Action Plan implements the Consolidated Plan priorities.

Funding priorities are reviewed through two City commissions in addition to publication throughout the community and public hearing by City Council. The City commissions review process for the application review, funding recommendation and award are summarized as follows:

- The City's Human Services Commission (HSC) is appointed by the City Council and holds public meetings monthly on the first Wednesday of the month. The HSC provides the main public forum for discussion of a range of issues related to public services in Pleasanton and the Tri-Valley region. Of specific relevance to the FY 2022/23 Housing and Human Services Grants (HHS) Program, the various virtual meetings via Zoom were held: In collaboration and coordination with the cities of Dublin and Livermore, City staff held virtual meeting on December 9, 2021 to discuss the priorities for the upcoming Housing and Human Services Grant (HHS) process. The HSC held a virtual meeting on February 2, 2022 to discuss the process for reviewing and evaluating applications for HHS funding. The HSC then held another virtual meeting on March 2, 2022 to recommend HHS funding for projects that would be included in the next Action Plan.
- The City's Housing Commission (HC) is also appointed by the City Council and holds public meetings monthly on the third Thursday of the month. The HC is similar to the HSC but focuses on housing-related projects and issues. At its March 17, 2022 virtual public meeting via Zoom, the HC developed a recommendation for HHS funding for housing-related projects and programs to be included in the next Action Plan.
- The City Council serves as the highest level decision making body for all matters related to the Consolidated Plan. The Council holds public meetings twice a month on the first and third Tuesday of the month. On May 3rd, 2022, City Council held a virtual public hearing via Zoom and approved recommendations for HHS funding from the HSC and HC for projects to be included in the next Action Plan. At the same meeting, the Council approved the annual Action Plan for FY 2022/2023 for submittal to HUD.

**Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).**

EveryOne Home is a collective impact initiative founded in 2007 to facilitate the implementation of Alameda County, California’s plan to end homelessness, known as the EveryOne Home Plan. In 2018, EveryOne Home updated that Plan now known as the Strategic Plan Update: Ending Homelessness in Alameda County. The Strategic Update recommends actions aimed at reducing homelessness by 1) preventing homelessness; 2) ensuring safer and more dignified conditions for those experiencing homelessness; and 3) increasing permanent homes.

The EveryOne Home Governance Charter memorializes how stakeholders govern the collective impact initiative to end homelessness and meet the federally-defined responsibilities of operating a HUD Continuum of Care as found in the Continuum of Care Program Rule at §578. In fulfillment of those agreements EveryOne Home convenes stakeholders, develops policies for the housing crisis response system, and tracks outcomes through the following committees: EveryOne Home Membership, Leadership Board, Results Based Accountability, HUD CoC Committee, HMIS Oversight Committee, System Coordination Committee, and Youth Action Board. Stakeholders include people with lived experience of homelessness, elected officials, advocacy groups, and service providers as well as county and city government administrators.

In 2020, EveryOne Home, with the support of HUD technical assistance from Abt Associates convened and facilitated a community process aimed at developing a model homeless response system through the framework of racial equity. The process resulted in specific crisis and permanent housing inventory recommendations. In 2021, leadership across the Continuum of Care are working together to implement this optimal system design that will effectively address the crisis needs of people experiencing homelessness and their permanent housing needs. Community stakeholders have agreed to use the racially equitable system model to guide strategic funding decisions for existing and new federal, state, and local resources.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

Stakeholders in Alameda County have been assessing the needs of persons experiencing homelessness and working to improve our response across the county since the founding of Alameda County-wide Homeless Continuum of Care Council in 1997. The collaboration includes cities and Alameda County government agencies representing multiple systems of care that share overlapping client populations, including but not limited to homelessness services, HIV/AIDS services, behavioral health services, foster care, veteran’s services, health care services, and probation/parole. Alameda Countywide Homeless and Special Needs Housing Plan, now known as the EveryOne Home plan, helped to form EveryOne

Home into a community-based organization to implement the Plan and now serves as the County's Continuum of Care. The EveryOne Home plan is structured around three major goals: 1) preventing homelessness; 2) ensuring safer and more dignified conditions for those experiencing homelessness; and 3) increasing permanent homes.

EveryOne Home coordinates local efforts to address homelessness, seeking to maintain the existing service capacity, establish inter-jurisdictional cooperation, and build new partnerships that generate greater resources for the continuum of housing and support services. EveryOne Home leverages substantial federal, state, and local resources for homeless housing and services, standardize data collection, and facilitate a year-round process of collaboration. EveryOne Home includes representation from HOME Consortium jurisdictions and CDBG entitlement jurisdictions in the County, service providers and advocates, homeless or formerly homeless persons, representatives of the faith community, business representatives, and education and health care professionals.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

The EveryOne Home Results Based Accountability Committee developed system level and program level performance measures in 2017, and in 2018 the RBA Committee benchmarked those outcomes and set performance targets. These measures and targets now appear in county and city contracts for homeless services. Alameda County Housing and Community Development Department supports the EveryOne Home initiative's efforts to measure and evaluate performance by administering the HMIS and as a founding member of the EveryOne Home Results Based Accountability Committee.

Due to the scorecard being created in 2017, and a current CoC value to center race/equity in all work undertaken, EOH Staff and the RBA Committee Chair collaborated on developing a new proposed scorecard for 2022 that centers on race equity, utilize additional data sources besides HMIS data, and covers indicators of most importance and interest. The proposed scorecard was shared with the RBA Committee at the December 6, 2021 meeting with no revisions suggested. Sample data of new indicators from the scorecard were shared at the January 10, 2022 RBA Committee Meeting, as well as at the Leadership Board Meeting on January 20, 2022. The new scorecard is currently underway and has 13 indicators that will now be disaggregated by race/ethnicity (whereas in the past there were none), will add measures to monitor coordinated entry, and includes additional data from 211 and census data.

EveryOne Home partners developed a county-wide prevention and rapid re-housing program model to be implemented with sources including Emergency Solutions Grant funds. The standards for assistance are being updated to incorporate the use of the new assessment scoring tool and continuous prioritization. In addition, Alameda County adopted standards for the operation of emergency shelters and all shelters funded with County general funds and ESG funds are expected to comply with those

standards. Those standards include accepting persons referred by coordinated entry with no sobriety or income requirements for receiving ESG assistance.

EveryOne Home utilizes the HUD system wide performance outcome measures for evaluating ESG funded projects. EveryOne Home's Results Based Accountability committee developed system performance outcomes into measures for each component of the Housing Crisis Response System, including those funded by ESG such as outreach, shelter and RRH. The Committee also developed measures for data quality and service quality as well as outcomes. All jurisdictions within Alameda County administering local and federal funds including ESG are incorporate these new measures into funding contracts. For more information see: <http://www.everyonehome.org/measuring-success.html>.

All providers receiving ESG funds will be contractually expected to meet or exceed performance standards.

The HMIS Oversight subcommittee is a collaboration between HUD CoC and the Homeless Management Information System (HMIS) Lead, and develops recommendations for Clarity, and collaborates with the HMIS Lead to update policies and procedures. EveryOne Home staff and the HMIS Staff from Alameda County HCD work together to support the HMIS Committee. The work of the committee includes developing recommendations for changes to the HMIS database to help implement changes to the Coordinated Entry workflow and assessment process to ensure compliance with HUD data standards, and making recommendations to HUD CoC for the HMIS Privacy Plan and Security Plan in collaboration with County partners.

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

The City maintains (in collaboration with our neighbor cities of Livermore and Dublin) an on-going data base of approximately 250 nonprofit agencies and other parties that have expressed an interest in the Housing and Human Services Grant (HHSB) program (which serves as the local umbrella program for allocating federal CDBG and HOME funds). The City held one joint virtual application workshop via Zoom in collaboration with the cities of Livermore and Dublin on December 9, 2021. Notices regarding the workshops were emailed directly to agencies and persons in the aforementioned database, and notices were also published in the key local newspapers and on city websites prior to the workshop. At the virtual workshop, staff from each city discussed all aspects of the HHSB program, including city-specific policies and procedures.

A pre-draft public hearing on the Action Plan took place on January 11, 2022 at the Housing and Community Development Advisory Committee meeting via a Zoom meeting. The purpose of the meeting was to present an overview of the Action Plan and review and solicit input on the housing and community development needs in the HOME Consortium. No public comments were received.

HHSB applicants attended virtual public meetings via Zoom before either the Pleasanton Human Services Commission (March 2, 2022) or the Pleasanton Housing Commission (March 17, 2022) for funding consideration and recommendation. The Commissions considered the applications and formulated funding recommendations for consideration by the Pleasanton City Council. The funding recommendations were reviewed for approval by the Pleasanton City Council in a public hearing on May 3, 2022, at which time the FY 2022/2023 Action Plan was also approved for submittal to HUD. All City Council meeting was noticed in the *Valley Times*, a newspaper of general circulation. Alameda County also published notices regarding the overall Action Plan (which includes all entitlement cities and the urban county) in ANG newspapers throughout the County. Copies of the draft Action Plan were provided to the main Library and City Hall in Pleasanton as well as on the City's website for public review. A 30-day public review period to solicit public comments on the Draft FY 2022/2023 Action Plan, was coordinated by Alameda County HOME Consortium from April 15th through May 14th, 2022. No public comments were received.

Another 30-day public comment period for the Action Plan took place from May 25, 2022 - June 23, 2022. A public hearing was held via Zoom Conference on June 16, 2022 to take comments on the draft HOME Consortium Action Plan. Public Notices were placed in the following

newspapers: *Alameda Times Star*, *Oakland Tribune*, *Hayward Daily Review*, *Fremont Argus* and the *Tri-Valley Herald* and on jurisdictional websites.

The Action Plan will be placed on jurisdictional websites. Once the Action Plan is adopted, it will be made available along with any substantial amendments (if necessary) and the annual performance reports made to the general public.

## Expected Resources

### AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

#### Introduction

This section provides a brief description of the federal CDBG and HOME funds available to implement the City’s FY 2022/23 Annual Action Plan, which outlines the third year of the FY 2020-2024 Consolidated Plan.

#### Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	338,818	0	0	338,818	0	CDBG activities will include administration, public services, housing, and other activities benefiting low-mod income households / communities in the City of Pleasanton.

Table 5 - Expected Resources – Priority Table

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

To maximize leveraging of its own funds and increase the funds available for housing and community development activities, the City of Pleasanton plans to undertake the following activities:

- Support applications by organizations or agencies for other public and private sources of financing to leverage City funds.
- Include leveraging as a goal to the maximum extent possible in the City’s HHS funding application review process.
- Support the acquisition and rehabilitation of existing and new construction of units by nonprofit housing developers.
- Promote private sector rehabilitation through the City’s Housing Rehabilitation Program in collaboration with Habitat for Humanity.
- Continue to provide support to affordable housing developers and non-profit service providers in obtaining other sources of financing.
- Promote joint development with other governmental/quasi-governmental agencies to implement housing community development programs and combine multiple sources of financing.

Matching requirements must be satisfied in the following federal entitlement housing programs: the HOME Program and the Emergency Solutions Grant Program. A variety of non-federal sources may be used for the HOME match requirements, which requires that \$0.25 be “permanently contributed” to the HOME Program or to HOME-assisted projects for every HOME dollar spent. This requirement applies to the program as a whole, not to individual projects. The liability for matching funds occurs when the HOME Consortium actually draws down HOME funds from HUD. Sources of HOME match include cash or cash equivalents from a non-federal source, value of waived taxes or fees, value of donated land or real property, a portion of housing bond proceeds, and the cost of infrastructure improvements, among others.

As a member jurisdiction, the City must comply with the HOME match requirements that have been established by the County. The County will evaluate match requirements for HOME and determine potential match sources. Some match sources may come from local affordable housing trust funds, housing bond proceeds, the value of waived local fees or permits, foregone property tax revenue, local road funds, private donations, services funded by service providers, the State, County, or foundations, other local agency funds, and publicly owned land.

The City does not receive a direct allocation of Emergency Solutions Grant Program (ESG) funds.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

In 2016, the City executed a long-term ground lease for the former Public Housing Authority land (the approximately 5 acre Kottinger Place project) to MidPen Housing to redevelop as the first 131 unit phase of Kottinger Gardens Senior Apartments. The Phase 1 was completed and

fully leased up in July 2017. Phase 2, which has 54 units, is fully constructed and leased up in July 2019. Kottinger Gardens has a total of 185 units affordable for very low and extremely low income seniors. To assist with the project, the City purchased in 2012 a half-acre parcel immediately adjacent to the existing Kottinger Place Public Housing development to incorporate into the new project. In March 2019, the City executed a long-term ground lease for a land, which was donated to the City by a single-family residential developer to meet the City's Inclusionary Zoning Ordinance, in order to assist the construction of Sunflower Hill, a 31-unit affordable rental housing development for residents with developmental disabilities. Sunflower Hill was completed in late 2020 and fully leased up by summer 2021.

## AP-35 Projects - 91.420, 91.220(d)

### Introduction

This section of the Action Plan includes the programs and activities which the City of Pleasanton will carry out to implement its Housing and Community Development Strategic Plan during FY 2022/2023.

This section describes individual activities to be funded with FY 2022/2023 Community Development Block Grant (CDBG) funding. The City's use of HOME funding is addressed separately under the County's section of the Consolidated Plan.

There are four (4) types of projects eligible for CDBG funds: capital improvement projects, economic development, housing, and public services. To be eligible for CDBG funding, projects must meet at least one (1) of HUD's national objectives: 1) to benefit low/moderate-income people; 2) to prevent or eliminate slums and blight; and 3) to meet an urgent community development need.

CDBG-funded projects must also pass the low- and moderate-income benefit test. A project meets this standard if at least 51% of the beneficiaries have low-moderate incomes (i.e., incomes at or below 80% of Area Median Income) or if the project benefits an area (e.g., census tracts, service area, neighborhood, etc.) with a majority of low-moderate income people. Funded projects are required to document the income levels of persons and households receiving these services.

For FY 2022/2023, the City is proposing to allocate its FY 2022/2023 CDBG funds in the following eligible funding categories: Public Services, Public Facilities, and General Administration.

1	Open Heart Kitchen - Senior Meals Program
2	Spectrum Community Services - Meals on Wheels

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

The City of Pleasanton receives an allocation of Community Development Block Grant (CDBG) funds, which may be used for eligible activities, eligible households, and/or eligible areas within its jurisdiction. The CDBG funds are allocated according to a formula based on population data from the 2010 Census and the number of substandard units in each jurisdiction. All projects listed in the “Proposed Projects” tables are intended and open to serve eligible households within the City of Pleasanton. Census tracts that are located completely or partially within the current Pleasanton city limits are as follows: 4506.01, 4506.02, 4506.03, 4506.04, 4506.05, 4506.06, 4506.07, 4506.43, 4506.46, 4507.01, 4507.41, 4507.42, 4507.44, and 4507.45.

## **AP-75 Barriers to affordable housing -91.420, 91.220(j)**

### **Introduction**

This section includes the actions planned by the City of Pleasanton during the FY 2022/23 to reduce barriers to affordable housing.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The City of Pleasanton is an active member of the Alameda County HOME Consortium. In January 2020, the Consortium updated its *Analysis of Impediments to Fair Housing (AI)* as part of its fair housing planning program. The HOME Consortium Analysis of Impediments includes demographic information for each jurisdiction, an evaluation of each jurisdiction's fair housing status, a description of public and private impediments to fair housing choice, and an assessment of current public and private fair housing programs.

The City provides fair housing and housing counseling services to area residents through a contract with ECHO Housing. The City's funding is high on a per-capita basis relative to other communities, and the majority of this service is paid for with local rather than HUD funds. ECHO Housing's services include investigation of housing discrimination complaints as well as educational seminars for housing managers, owners, realtors, and tenants. City staff works with ECHO Housing to address identified impediments. In addition to the general services provide through the City's contract with ECHO Housing, the City has been active in the following areas:

- The City has supported a variety of grass-roots efforts over the past decade that have resulted in the construction of new, affordable housing for a wide spectrum of housing needs in the community (family rental, senior, first-time home buyer, disabled, and other special needs). The majority of these efforts have involved local funds.
- The City sponsors, through an annual contribution of local funds, the efforts of the East Bay Housing Organization (EBHO) public education campaign to address local opposition to and misperceptions of affordable housing.
- The City has collaborated extensively with its neighbor city, Livermore, on housing programs and issues of shared concern (e.g., Sojourner House emergency shelter). The cities, as well as the City of Dublin, collaborated to secure a Section 108 Loan to assist in financing the construction of the Axis Community Health Clinic in Pleasanton.
- The City has supported an extensive Housing Rehabilitation Program. The City and its program administrator Habitat for Humanity will

continue to outreach to minority and women contractors as well as local business enterprises.

- The City has used local, State, and HOME funds to construct and or acquire and rehabilitate housing units for rental by persons with physical, mental, and developmental disabilities.
- In 1999, Pleasanton helped establish the Tri-Valley Housing Scholarship Program which offers tenant-based rental assistance to households that are homeless or at risk of being homeless. Subsidies are provided while the head of household is undergoing job training. Over 90% of households served are headed by female heads of households, and the majority of clients have been minority households. This program has been revamped into the Tri-Valley Rapid Rehousing Program to assist all income-eligible households.

## **Discussion**

Funding. One of the significant barriers to affordable housing in Pleasanton and the surrounding region is the high cost of developing and maintaining affordable housing. The City of Pleasanton will apply CDBG, HOME, and City Lower Income Housing Funds toward affordable housing projects and programs in FY 2022/23. The City will continue to monitor the availability of specialized grants for housing development and will utilize its Lower Income Housing Fund to finance activities promoting affordable housing.

Land Costs. The City does not have ownership of any significant parcels of land at the present time. Therefore, the market cost of land is posing an ongoing constraint to new affordable housing development in which the City has direct involvement. However, the City has worked and will continue to work with individual developers and with the owners of large land holdings to attempt to reserve additional sites for affordable housing development during the five-year Strategic Plan period. The City's Inclusionary Zoning Ordinance provides the option of land dedication in lieu of providing affordable housing units. The completion of the Housing Element Update 2015-2023 may provide additional land ownership opportunities that can be utilized to create new affordable housing.

Housing Development Costs. The City will continue to work to offset the costs of housing development by waiving certain City fees for affordable rental and ownership housing units and by providing various types of subsidies through the use of its Lower Income Housing Fund. The example was cited earlier in this report of extensive fee waivers that have been granted in the past to defray development costs and promote affordable housing construction.

Community Perceptions of Affordable Housing. A continuing impediment to affordable housing development is the negative perception of affordable housing held by many members of the public. The City provides local funds annually to East Bay Housing Organizations (EBHO) to

implement an ongoing program aimed at improving residents' perceptions and understanding of affordable housing.

## **AP-85 Other Actions - 91.420, 91.220(k)**

### **Introduction**

The City will pursue the following planned actions in order to undertake the strategies outlined in Pleasanton's FY 2020-2024 Consolidated Plan.

### **Actions planned to address obstacles to meeting underserved needs**

The primary obstacle to meeting the underserved needs in Pleasanton is securing adequate funding resources. The priority needs highlighted in its FY 2020-2024 Consolidated Plan are designed to address the underserved needs within the Pleasanton jurisdictional boundaries.

### **Actions planned to foster and maintain affordable housing**

The primary gaps facing Pleasanton, as well as its neighbor cities, in delivering affordable and supportive housing are primarily the lack of financial resources (including land) for development, operations, and support services combined with a location that has the highest costs in the region. The City will continue to coordinate and collaborate with the Alameda County HOME Consortium, with Alameda County as the lead agency, to utilize federal HOME funds for acquisition, rehabilitation, and/or new construction of affordable rental housing; tenant-based rental assistance; and single-family and multi rental housing rehabilitation or minor repairs.

The City will continue to contract with the "housing services" non-profit agencies that have been recipients of Housing & Human Services Grant (HHS) program funds. These agencies provide housing services, including but not limited to a rapid re-housing program, tenant-landlord and fair housing counseling, and legal representation and defense against eviction, that help maintain people in housing and prevent homelessness.

The City's Housing Rehabilitation Program provide rehabilitation and minor home repair grants or loans for income-eligible homeowners. The program have historically preserved and improved the City's existing stock for extremely low- and very low-income homeowners. The City is also assessing extending the Housing Rehabilitation Program to income-eligible renters with disabilities to make accessibility improvements in their rental housing units.

Lastly, the City will continue to monitor its affordable housing portfolio that include more than 1,000 rental housing units and more than 100 homeownership units.

### **Actions planned to reduce lead-based paint hazards**

Lead poisoning is a serious issue in some parts of Alameda County where there are significant numbers of older homes occupied by low income families with children (older homes are most likely to contain

lead hazards). Lead hazards are defined as any condition that causes exposure to lead from lead-contaminated dust, soil, or paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects. Common sources of lead poisoning are lead-based paint hazards from dust, deteriorated paint, and contaminated soil.

No new programs are being considered for the five-year period to reduce lead-based paint hazards in as much as the City's housing stock is generally young (post-1978) and in good condition and unlike to be exposed to the lead. Mitigations are currently implemented on an as needed basis in conjunction with County administered Housing Rehabilitation and Minor Home Repair Program activities. The City is not currently a party to the joint powers agreement which established Alameda County's existing lead abatement program. However, Pleasanton is likely to increase its involvement in lead based paint hazard reduction as involvement in housing rehabilitation programs increases in the future. The City will continue its collaboration with the Alameda County Lead Hazard Prevention Program on marketing and outreach efforts in the Tri-Valley area.

Through its subrecipients of federal funds, the City conducts lead-based paint inspections on tenant-based rental assistance for HOME units built before 1978 as required as part of the Uniform Physical Condition Standards (UPCS) inspections which replaced the Housing Quality Standard (HQS) Inspections. Lead inspections are also conducted as a part of any grants or loans for owner-occupied or rental units funded through the City's Housing Rehabilitation Program.

### **Actions planned to reduce the number of poverty-level families**

A primary strength of the housing and community development delivery systems is the coordination of efforts between the jurisdictions and the groups that oversee these efforts on an inter-jurisdictional basis. An additional strength is the level of coordination between service providers, particularly those addressing housing needs of the homeless, special needs populations, and housing providers. Pleasanton participates on the Alameda County HOME Consortium Technical Advisory Committee (HOME TAC) which is comprised of staff from the member jurisdictions and the County. The HOME TAC meets bi-monthly to discuss programmatic and policy matters relating to the HOME program as well as broader federal housing and community development funding sources.

Many collaboration efforts are coordinated at the County level. The Shelter Plus Care and the Supportive Housing Program serve the homeless through housing rental assistance and supportive services and aim to reduce the number of people living in poverty in the County. Consortium jurisdictions are working to implement the EveryOne Home Plan, which includes representatives from local jurisdictions, service providers and advocates, homeless or formerly homeless persons, representatives of the faith community, business and labor representatives, education and health care professionals.

The Workforce Investment Board emphasizes private sector, employer-driven job training programs. The Alameda County Self-Sufficiency Program is designed to operate as a single, integrated

system for the delivery of work-first, employment focused services. It complies with federal Temporary Assistance to Needy Families (TANF) and Food Stamp Employment and Training requirements and incorporates CalWORKs program services and activities. The Self-Sufficiency Centers provide employment services, transportation, child care, drug and alcohol abuse treatment and mental health services to help individuals comply with their welfare-to-work plans. The program encourages community partnerships to leverage and maximize funds, prevent duplication of service delivery, and develop the capacity of the community to sustain a safety-net for an expanding population.

The HOME Program provides rental housing projects to assist households earning 60% or less of area median income. Priority considerations are given to proposals that include income targeting to households earning less than 30% of area median income, a target group that includes households living in poverty. Housing developments targeted to families and individuals in this income group often have a social services component to assist the households with other needs such as job training, skill building, case management, and subsidized child care.

Compliance with Section 3 of the Housing Act of 1968 is required as a condition of most City of Pleasanton funding contracts. The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects will be directed to low and very low-income persons, particularly persons who are recipients of HUD assistance for housing. The City has developed materials to distribute to contractors to ensure their good faith efforts in complying with Section 3 requirements.

### **Actions planned to develop institutional structure**

The primary gaps facing Pleasanton and its neighbor cities in delivering affordable and supportive housing are primarily the lack of financial resources (including land) for development, operations, and support services combined with a location that has the highest costs in the region. Community development efforts are frequently limited due to a lack of financial resources. In some cases, there is need for stronger coordination between agencies and organizations although it is generally felt that the region enjoys a high level of coordination and simply needs to continue to foster and expand existing collaborative relationships.

Addressing gaps will continue to be a high priority for Pleasanton. The City will continue its efforts to identify and utilize new sources of financing for affordable housing, supportive housing, and community development programs; and enhance coordination efforts among housing providers, service providers, and governmental agencies. The City has streamlined and improved the process for selecting and funding housing and community development projects for its HOME and CDBG programs. In addition, the City has participated in the larger homeless and special needs housing initiatives (the EveryOne Home Plan and the annual Continuum of Care funding process) to select priorities and projects for

homeless and special needs funding.

**Actions planned to enhance coordination between public and private housing and social service agencies**

The Pleasanton Human Services Commission collaborates yearly with the City's Housing Commission to conduct a joint review as part of the annual process of allocating CDBG, as well as federal HOME funds and City General Funds and Lower Income Housing Funds, funds. This collaborative effort, begun in 1996, has helped to improve the coordination of assistance to housing and services in the area and has helped to simplify the process of allocating funds to local non-profits, thereby improving service delivery.

**FY 2022/2023 ACTION PLAN FOR THE CITY OF PLEASANTON  
COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM**

The Pleasanton City Council will hold a public hearing on May 3, 2022, at 7:00 p.m. The purpose of the public hearing is to review and receive comments from the City Council and the public regarding the submission of the FY 2022/2023 Annual Action Plan for the City of Pleasanton's federal Community Development Block Grant (CDBG) funds to the U.S. Department of Housing and Urban Development (HUD).

The Proposed FY 2022/2023 Annual Action Plan describes the projects to be funded with CDBG funds in the 2022/23 fiscal year in order to implement the City's Worked Plan housing and community development strategies.

The City anticipates receiving approximately \$388,000 in CDBG funds for fiscal year 2022/23 covering July 1, 2022 through June 30, 2023. The City has not received its final CDBG allocation amount for FY 2022 from HUD, and the \$388,000 is an estimate based on the previous year's allocation amount, and the grant awards would be increased or decreased proportionally once the final allocation from HUD for FY 2022 is received. These funds will be used to carry out the housing and community development activities in the Annual Action Plan.

**Public Review**

The Draft FY 2022/2023 Annual Action Plan will be open for public review from April 15, 2022, until May 14, 2022 at 5:00 p.m.

The Draft FY 2022/2023 Annual Action Plan shall be available for review on the City's website at: [https://www.ci.pleasanton.ca.gov/residents/housing/housing\\_programs.asp](https://www.ci.pleasanton.ca.gov/residents/housing/housing_programs.asp).

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

**Following a Plan** -- It is following a current consolidated plan that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year **2022** shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.
