

2026 SEWER RATE STUDY INFORMATION SESSION

Understanding Proposed Sewer Rate Changes

The City is completing its first comprehensive sewer rate study to help ensure we can continue providing safe, reliable sewer services that protect public health and the environment while planning responsibly for the future.

TOPICS WE'LL DISCUSS:

- How Pleasanton's sewer system works and the services provided
- Where wastewater goes
- Why sewer rate changes are being proposed
- Impacts for residential and non-residential customers
- Next steps and upcoming public hearings
- How to provide feedback and stay informed

THE CITY OF
