## **Pleasanton Announces Closures of Non-Essential Facilities and City Government Meetings**

PLEASANTON, Calif.---The City of Pleasanton is committed to protecting the health of its community. With the fluidity of the COVID-19 pandemic situation evolving across the nation, out of an abundance of caution effective Saturday, March 14, the City will be closing all non-essential City facilities and programs, as well as suspending City government meetings until April 17. The City will continue to closely monitor this situation, and take further necessary action as needed.

Current program and facility closures include: Pleasanton Public Library, Gingerbread, Firehouse Arts Center, Senior Center, Veterans Memorial Building, Dolores Bengston Aquatic Center, Cultural Arts Center, Alviso Adobe, Nature House, Amador Theater, Amador Recreation Center, middle school gyms, and scheduled programmed athletic events at City parks.

City government meeting cancellations include all City Council meetings, commission and committee meetings, and trainings and community meetings held at public facilities.

Essential services that will remain available include Paratransit service to medical appointments and grocery stores only; Open Heart Kitchen's senior lunch program brown bag pick-up only; and Spectrum Community Services' Meals on Wheels.

City offices that provide essential services such as utility billing, planning and building permitting, business licensing and housing services, as well as payments through the finance department will remain open.

"The health and safety of our Pleasanton community and our city employees is our first priority," said city manager Nelson Fialho. "The City has been working closely with public health agencies and numerous community partners to respond to this pandemic as quickly as possible to stop its spread."
